RE: AMENDED Formal Application for Tariff Revision

To Whom It May Concern:

This is an application to make tariff revisions for certain non-recurring charges. Attached (as Exhibit A) is the justification for the new costs – being an invoice from our meter supplier which reflects our actual costs for each new meter (being \$306.00 per meter) that is compatible to our system. This is the justification for our proposed increase in the non-recurring costs. This will increase the total reconnect to \$351.00 (the previously approved \$45.00 labor fee and the \$306.00 new meter cost).

We are requesting an increase in our reconnect fee for our customers who request reconnection, but do not have a new meter that is compatible to the existing radio reading system.

The increase in costs attributable to these non-recurring charges can no longer be absorbed by the District. The customers affected by these increases will be the customers that cause the District to incur these additional expenses.

The revenue generated from the proposed rate revision will not exceed 5 percent of the total revenues provided by all non-recurring charges for the recent period of twelve (12) consecutive calendar months ending within ninety (90) days of the submission of the tariff filing.

The District has published the enclosed public notice of these non-recurring charges in local newspaper. The first date of publication is July 12, 2023 for a total of three weeks. An affidavit from the newspaper verifying that the notice was published for three consecutive weeks will be forwarded to the Public Service Commission once it is received after final publication.

NEWSPAPER AD COPY

NOTICE

Notice is hereby given that Rattlesnake Ridge Water District plans to file with the Public Service Commission on or before July 5, 2023, to adjust non-recurring charges. The proposed effective date is August 12, 2023. The proposed changes are as follows:

Rattlesnake Ridge Water District is changing its reconnect fee for our customers for a non-active meter reconnect that is not compatible to our new system. This will not affect any active customers. The proposed increase will be \$351.00 to cover the cost of the new radio read meter.

Any person may examine the tariff filing at the District office located at 5302 South Hwy 7, Grayson, KY 41143; telephone# 606-474-7570.

Any person may examine this tariff filing at the PSC located at 211 Sower Boulevard, Frankfort, Kentucky, Monday – Friday, 8 a.m. – 4:30 p.m. or on the PSC website at <http://psc.ky.gov>; telephone: 502-564-3940.

Any person may submit comments regarding this tariff filing by mail to the PSC, P.O. Box 615, Frankfort, KY 40602, or through its website at <http://psc.ky.gov>.

The increase contained in this notice is proposed by the District, but the PSC may order rates to be charged that differ from the proposed increase contained in this notice.

Any person may submit a timely written request for intervention by mail to the PSC, P.O. Box 615, Frankfort, KY 40602. The request for intervention must establish the grounds for the request including the status and interest of the party.

If the PSC does not receive a written request for intervention within thirty (30) days of the initial publication or mailing of notice, the PSC may take final action on the tariff filing.

CLASSIFICATION OF SERVICE

REGULAR WORKING HOURS are 8:00 a.m. – 5:00 p.m. Monday – Friday (excluding holidays).
After hours charge is any other time.

***Termination Charge** will be assessed when a utility representative makes a trip to the premises of a customer for the purpose of terminating service. The charge may be assessed if the utility representative actually terminates service or if, in the course of the trip, the customer pays the delinquent bill to avoid termination. The charge may also be made if the utility representative agrees to delay termination based on the customer's agreement to pay the delinquent bill by a specific date.

***Reconnect Charge** will be assessed to reconnect a service, which has been terminated for nonpayment of bills or violation of the utility's rules or commission administrative regulations.

***After Hours Reconnection charge** will be assessed for any reconnection made after regular business hours.

***Meter Test Charge** will be accessed if a customer request their meter be tested and the meter tests show the meter to be less than 2 percent fast.

***Service Investigation Charge** will be accessed for each trip for service investigation during regular working hours if interruption of a service or service problem is associated with the customers own plumbing facilities and beyond the Water District delivery point and is not caused by failure of District's facility.

***After Hours Service Investigation Charge** will be accessed for each trip for service investigation made after regular business hours.

***Meter Reading Recheck Charge** will be assessed when a customer requests the meter be rechecked for a correct reading and the meter was not misread.
