ORDER

This matter arises upon Banjo Creek Solar LLC's (Banjo Creek) application for construction certificate for an electric generating facility. On November 14, 2023, Banjo Creek filed a motion requesting that the Commission consolidate this proceeding into Case No. 2023-00263.¹

As a basis for the motion, Banjo Creek asserted that the case should be consolidated because the transmission line connecting the substation to a utility switchyard is an integral part of the proposed generating facility. Banjo Creek also asserted that consolidating the two cases would promote consistent administrative efficiency.

Based upon a review of the motion and being otherwise sufficiently advised, the Commission finds that Case No. 2023-00320 should be consolidated into Case No. 2023-

¹ Case No. 2023-00263, *Electronic Application of Banjo Creek Solar LLC, for A Certificate of Construction for Approximately 120 Megawatt Merchant Electric Solar Generating Facility In Graves County, Kentucky Pursuant to KRS 278.700 and 807 KAR 5:110.*

00263. Consolidating the two cases will promote administrative efficiency and because the consultant has been reviewing the project as a whole including the interconnection of the transmission line.

IT IS THEREFORE ORDERED that:

1. The record of the Case No. 2023-00320 is physically consolidated into Case No. 2023-00263.
2. All documents filed in the future shall contain only the caption of Case No. 2023-00263.
3. The procedural schedule set forth in Case No. 2023-00263 shall be followed.
