RE: Lyon County Water District
Case No. 2023-00352 - Filing Deficiency

The Commission Staff has reviewed the application submitted on December 13, 2023, and the additional filing submitted on December 14, 2023, in the above case. A deficiency cured letter was inadvertently issued on December 15, 2023, accepting the application as filed. However, upon further review, the application is still deficient and rejected for the reasons set forth below.

Filing deficiencies pursuant to:

- (1) KAR 807 5:076 Section 1(2): Annual report for the immediate year Annual report for the immediate year” means an annual report that covers the applicant’s operations for either: (a) The calendar year prior to the year in which the applicant’s application for rate adjustment is filed with the commission; or (b) the most recent calendar year period that 807 KAR 5:006, Section 4(1), requires the application to have on file with the commission as of the date of filing of its application for rate adjustment.
- (2) KAR 807 5:076 Section 3(1): Applicant’s annual report for the immediate past year and the annual reports for the two (2) prior years, if the utility has been in existence that long.
- (3) KAR 807 5:076 Section 9: The reasonableness of the proposed rates shall be determined using a twelve (12) month historical test period, adjusted for known and measurable changes, that coincides with the reporting period of the applicant’s annual report for the immediate past year.

Specifically, in order to conform to the regulations, the application must be based on 2022 data and the 2022 Annual Report. You are requested to submit the information necessary to cure the deficiency within 10 days of the date of this letter.

If you need further assistance, please contact my staff at 502-564-3940.

Sincerely,

TEAM
KENTUCKY
