PSC July 22, 2021), Order (in which the Commission ordered that for case filings made on and after March 16, 2020, filers are NOT required to file the original physical copies of the filings required by 807 KAR 5:001, Section 8).

response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Burkesville shall make timely amendment to any prior response if Burkesville obtains information that indicates the response was incorrect or incomplete when made or, though correct or complete when made, is now incorrect or incomplete in any material respect.

For any request to which Burkesville fails or refuses to furnish all or part of the requested information, Burkesville shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied and scanned material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations. When filing a paper containing personal information, Burkesville shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to Case No. 2024-00075, Order dated April 8, 2024, at unnumbered page 176 of 177 which states that the Computed Wholesale Rate per 1,000 Gallons is \$3.11.² Also refer to Case No. 2024-00075, Burkesville Tariff Filing at unnumbered page

² Case No. 2024-00075, *Electronic Tariff Filing of the City of Burkesville to Increase its Wholesale Rate to Cumberland County Water District* (Ky. PSC Apr. 8, 2024), Order at unnumbered 176 of 177.

1 of 3 which states that the proposed wholesale rate effective April 15, 2026, is \$3.26 per 1,000 gallons.³

- a. Provide Burkesville's calculation for the proposed \$3.26 rate in Excel spreadsheet format with all formulas, rows, and columns fully accessible and unprotected.
- b. State the test year for the calculated rate of \$3.26
- c. If Burkesville is not able to provide calculations in support of the proposed rate, describe how it determined that the rate should be higher than the calculated rate of \$3.11.
