RE: Western Mason County Water District
Case No. 2024-00107 Filing Deficiency

The Commission Staff has reviewed the application in the above case. This filing is rejected for the reason set forth below.

Filing deficiency pursuant to:

1. 807 KAR 5:001 Section 15(d)(1): Maps to suitable scale showing the location or route of the proposed construction or extension, as well as the location to scale of like facilities owned by others located anywhere within the map area with adequate identification as to the ownership of the other facilities; The application does not provide the location in the filings of the required maps. It is unclear from the filings if the WSI_Bid_Set was intended to fulfill this requirement. If WSI_Bid_Set was intended to fulfill this requirement, it does not do so without a statement regarding the "location to scale of like facilities owned by others located anywhere within the map area with adequate identification as to the ownership of the other facilities".

You are requested to submit the information necessary to cure the deficiencies within 10 days of the date of this letter. If you need further assistance, please contact my staff at 502-564-3940.

Sincerely,

A handwritten signature in blue ink that reads "Linda C. Bridwell".
