Comments: If this case is allowed to proceed it will be a great detrimental to our rural county. Those who are supporting it aren't up-to-date on the real impact and are only looking at the proposed jobs (which will be very few and insignificant for the community at large) and potential taxes to be collected. They are giving up much of quality of life for what they are receiving . I feel many in the community have not read nor understand the magnitude of this plant (it will be one of the largest of its kind in our nation). Please do not allow this construction to proceed.
