

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC PURCHASED GAS ADJUSTMENT)	CASE NO.
FILING OF CITIPOWER, LLC)	2025-00038

ORDER

On February 28, 2025, Citipower, LLC (Citipower) filed its Gas Cost Recovery (GCR) rate report for rates effective as of April 1, 2025. Citipower's previous GCR rate was approved in Case No. 2024-00368.¹

LEGAL STANDARD

The Commission's standard of review for GCR rates is well settled as stated in KRS 278.274(1):

In determining whether proposed natural gas utility rates are just and reasonable, the commission shall review the utility's gas purchasing practices. The commission may disallow any costs or rates which are deemed to result from imprudent purchasing practices on the part of the utility.

Further, the utility has the burden to prove the rates are just and reasonable and the Commission may reduce the purchased gas component of the utility's rates, or the rates charged by an affiliated company to the extent the amount is deemed to be unjust or unreasonable.²

¹ Case No. 2024-00368, *Electronic Purchased Gas Adjustment Filing of Citipower, LLC* (Ky. PSC Dec. 20, 2024).

² KRS 278.274(2); KRS 278.274(3)(c); and KRS 278.274(3)(d).

DISCUSSION

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that Citipower's report proposes revised rates designed to pass on to its customers its expected change in gas costs. Citipower's report sets out an Expected Gas Cost (EGC) of \$6.9744 per Mcf, which is an increase of \$1.1128 per Mcf from its previous EGC of \$5.8616 per Mcf. The EGC is based on Citipower's expected cost of gas from its primary supplier, Citigas, LLC (Citigas), a Citipower affiliate pursuant to KRS 278.010(18),³ using the New York Mercantile Exchange (NYMEX) Natural Gas strip rate for May 2025, a \$1.5000 per Mcf fee for transportation, and a 20 percent markup marketing fee. Citipower's report sets out no Refund Adjustment. Citipower's report sets out a current quarter Actual Cost Adjustment (ACA) of \$0.0000 per Mcf.⁴ Citipower's total ACA is (\$0.0002) per Mcf, which is unchanged from its previous total. Citipower's report sets out a current quarter Balance Adjustment (BA) of \$0.0001 per Mcf. Citipower's total BA is (\$0.0023) per Mcf, which is an increase of \$0.0003 per Mcf from its previous total BA of (\$0.0026) per Mcf.

Based on the calculations above, the Commission finds that Citipower's GCR rate is \$6.9719 per Mcf, which is an increase of \$1.1131 per Mcf from the previous GCR rate of \$5.8588 per Mcf. The Commission further finds that the rates set forth in the Appendix

³ Due to Citigas being a Citipower affiliate, the Commission, pursuant to KRS 278.274(3)(b), shall ensure that the rates charged by the affiliate and ultimately to the consumer are just and reasonable and that an arm-length transaction has occurred.

⁴ The previous ACA quarter of \$0.0000 per Mcf approved in Case No. 2023-00364 has expired in the current case for the reporting period ended December 31, 2024. The current ACA quarter as proposed in the current case is \$0.0000 per Mcf. This results in no change from the previous total ACA.

to this Order are fair, just and reasonable and are approved for service rendered by Citipower on and after April 1, 2025.

For the purpose of transparency and to maintain a record of information for future use, the Commission finds that Citipower should submit all invoices it receives along with its monthly usage report for each month of the reporting period when it files its future GCR rate reports. Should Citipower purchase sustainable natural gas from a renewable source during the reporting period of any future GCR reports then the supplier, cost, and amount must be documented in its cover letter to the Commission.

IT IS THEREFORE ORDERED that:

1. The rates proposed by Citipower are approved.
2. The rates set forth in the Appendix to this Order are approved for service rendered on and after April 1, 2025.
3. Citipower shall submit all invoices it receives along with its monthly usage reports for each month of the reporting period when it files its future GCR rate reports.
4. Should Citipower purchase sustainable natural gas from a renewable source during the reporting period of any future GCR reports, then the supplier, cost, and amount shall be documented in its cover letter to the Commission.
5. Within 20 days of the date of service of this Order, Citipower shall file with this Commission, using the Commission's electronic Tariff Filing System, revised tariff sheets setting out the rates approved herein and reflecting that they were approved pursuant to this Order.
6. This case is closed and removed from the Commission's docket.
