FROM NOVEMBER 1, 2023 THROUGH APRIL 30,	)	
2024.	)	

ORDER

Pursuant to 807 KAR 5:056, the Commission established this case on May 28, 2025, to review and evaluate the operation of the Fuel Adjustment Clause (FAC) of Kentucky Utilities Company (KU) for the six months that ended on April 30, 2024. As part of this review, KU responded to two requests for information.

A review of KU's monthly FAC filings shows that the fuel cost for the six months under review ranged from a low of \$0.02421 per kWh in November of 2023 to a high of \$0.03256 per kWh in January of 2024 with a six-month average of \$0.02702 per kWh.

Having considered the evidence of record and being otherwise sufficiently advised, the Commission finds no evidence of improper calculation or application of KU's FAC charges or improper fuel procurement practices.

IT IS THEREFORE ORDERED that:

1. The charges and credits billed by KU through its FAC from November 1, 2023, through April 30, 2024, are approved.
2. This case is closed and removed from the Commission's docket.
