Comments: This is getting to be really ridiculous, you all keep raising the rates here there are alot on fixed incomes, single mothers raising kids, and just people in general that has really been struggling since covid. There really needs to be something done or more people will continue to move out of Ledbetter, it's really getting to where we can't afford to live here anymore.

Comments: Something needs to be done with the out of control sewer costs! It has been decades you would think the loan would be paid off by now

Comments: As a Ledbetter Water District customer, I oppose this rate increase. We already have some of the highest water and sewer rates in the area, with monthly bills well over \$200 for families of four. Please deny this proposed rate increase.

Comments: As someone who is trying to live on her own for the first time , I take a shower every other day and have maybe 5 dishes to do every couple days. My water bill should not be almost \$300 it's outrageous and ridiculous.

Comments: I submitted a comment to the commission. It took about 5 minutes. This is what I said: As a Ledbetter Water District customer, I oppose this rate increase. We already have some of the highest water and sewer rates in the area, with monthly bills well over \$200 for families of four. When people mention moving to Ledbetter, the first thing they hear about isn't our friendly neighbors, great fire department, or beautiful river views, it's the high water bills. Please deny this proposed rate increase.
