Re: *Inter-County Energy Cooperative Corporation AMI Opt-Out Tariff
Proposal*

Dear Ms. Bridwell:

Enclosed, please find for filing, Inter-County Energy Cooperative Corporation's ("Inter-County Energy") AMI Opt-Out Tariff Proposal. Inter-County Energy has given notice of the new AMI Opt-Out Tariff in the April 1, 2025 edition of *Kentucky Living Magazine*. Inter-County Energy is uploading a copy of the notice as well as the publisher's affidavit with this tariff filing.

Inter-County Energy modeled this tariff after other cooperative tariffs that have been approved by the Commission. Inter-County Energy believes this tariff is necessary because there are highly motivated members who do not want a radio frequency meter on their property for health and/or privacy reasons. This revised tariff will give those members the option to opt out of the AMI meters. Customers who opt-out of the AMI meters will incur additional costs for Inter-County by having to have their meters manually read each month. This monthly charge will avoid subsidizing customers who opt out of the AMI meters by other customers who have AMI meters.

Please do not hesitate to contact me with any questions or concerns.

Sincerely,

L. Allyson Honaker

TIPS TO AVOID ENERGY SCAMS

If you suspect you’re dealing with a utility scam, it’s crucial to slow down and take your time before taking any action. Scammers will often pressure you to make quick decisions or immediate payments. Instead, take the time to verify the legitimacy of the communication by contacting your utility directly. Use a phone number from a reliable source, such as your bill or the utility’s website. Taking this simple step can help protect you from falling victim to utility scams.
