To: Public Service Commission;

I Am writing to submit my objection to K.U.S RATE Hike proposal. A 13.5% INCREASE in 2 monthly utility bill is NOT a MANAGABLE INCREASE for most households. My dividend checks from my utility investments tell me that K.U. does not need an 11% increase in Revenue & stay afloat.

Please consider the current economic environment - WAGES ALREADY DO NOT KEEP UP with increased cost of living (Due mostly to corporate price gouging mislabeled as inflation). Tell K.U. to POUND SAND. NO RATE INCREASE!

RESPECTFULLY,

MEG DUMAINE
