Comments:  
Dear Commissioners,

Buried in supplemental testimony filed after the close of business on October 31, the last business day before the hearing on these rates, the Companies have asked for permission to pass the cost of maintaining the Mill Creek 2 coal unit past its retirement date of 2027. Over four public meetings and months of a written comment period ratepayers have made it clear that they do not want to pay for bad decisions by LGE/KU. Don't let the Companies circumvent the public process for ratemaking now, and for well into the future, by sliding in an additional rider for millions of dollars to be passed through on our bills without prior public or Commission opportunity for review. Say no to request to revive the Mill Creek 2 Surcharge.

Sincerely, Margaret G. Richey
