City: Monticello, KY 42633
State: Kentucky
Zip: 42633

Comments:

I fully support the construction of the solar farm in Wayne County as long as all regulations are followed and the site will be maintained properly after construction. Because people are uninformed and spew false statements with no knowledge should the landowner be denied use of his or her property. It is with the landowners best interest and one of the lowest costs of electricity per kilowatt that I hope you approve this project. Thank you for the opportunity to express my opinion. Gerald Catron
