Comments: this purposed increase will hurt the people living out Farmdale. We already pay above the average for a Frankfort/ Franklin County Resident for water/sewer. For a 2-person Houshold my bill is currently between \$ 85 and \$100. a large amount of that being sewer. however, this increase passes it will put the bill well over \$100 every month. the steady increase of the sewer the last few years has done nothing to improve quality of the water/sewer situation. and according to google AI the average water bill for water and sewer in Frankfort/ Franklin KY is \$69. please help the people living out here not give more of our money to a broken system.
