Re: CASE NO. 2025-00234 – Filing Deficiencies
Breathitt County Water District
(Purchased Water Adjustment)

Dear Mr. McIntosh:

Commission Staff has reviewed the application in the above case. This filing is rejected for the reason(s) set forth below.

Filing deficiency pursuant to:

1. 807 KAR 5:068 Section 1 (b): A schedule listing current and proposed rates; Application is missing the current and proposed rate schedule. Additionally, the calculation provided on page 4 of the application contains an error with Supplier increase, leading to an incorrect factor.
2. 807 KAR 5:068 Section 4: Incorrect PWA factor provided on Purchased Water Adjustment Form 1. Factor should be rounded up to \$0.16 per 1,000 gallons instead of the \$0.15 per 1,000 gallons.

The information necessary to cure the deficiency must be submitted within 10 days of the date of this letter.

If you need further assistance, please contact Brian Thomas at 502-564-3940.
