Case Number 2025-00257

Kentucky Public Service Commission:

My name is Marie Coleman, [REDACTED], Whitesburg, Kentucky 41858. I am sending this email concerning Kentucky Power company rate increase of 14.9% rate increase to me and all there other customers and a 13-15 % rate increase to commercial and industrials customers. A lawyer stated that KY Power Company wants the people who pay their monthly bill on time to pay the cost of people they disconnect and who will not pay their electric bill. This is ridiculous why don't the big CEO,s give up some of their salary instead of taking it from the people who can not afford any more pay hikes . Letcher county is one of the poorest counties and a community of older people who are retired and have many health issues. My husband and I are dealing with medical cost, food, daily medicine and every day cost of living on a monthly check. Why does Ky Power talk about upgrading power structures when there is no new business or factories coming to this area? I hope the PSC will consider the extra hardship on the people if they pass this rate increase. while they have food and other needed items most of the people here will be starving and freezing.
