Comments:

Our power bill is outrageous... What is the point of literally keeping all the lights off and using minimal power we can only to have over a \$400 power bill every month. Its ridiculous it shouldnt keep raising on top of it. How do you expect us to live.... We work, we pick take aluminum cans and junk off. My husband works all the overtime he can. We live with my mom dad to help them out cause my dad is a retired coalminer and my mom has screwed up knee where she cant hardly do anything yes he gets a check but were still barely making it. Isnt it hard enough to go to work everyday do all you can to make money because everything is going up and still barely scrape by but you still feel the need to continue to raise everyones power bill. Its ridiculous we shouldnt be expected to continue to go on like this.
