NOTICE OF SATISFACTION AND MOTION TO DISMISS OF
KENTUCKY UTILITIES COMPANY

Kentucky Utilities Company (“KU”), by counsel, respectfully asks the Kentucky Public Service Commission (“Commission”) to dismiss with prejudice the Complaint of Darrell R. Hamilton (“Complainant”) because KU has fully satisfied the Complaint.

In the course of normal business practices, KU conducted a “rate check” of the premises that is the subject of this Complaint and determined that Complainant’s property was serviced under three-phase electric service and that there was a shop and commercial grade equipment on the property. Accordingly, it appeared to KU that the Complainant was not eligible for a residential service rate and KU migrated the customer to the General Service Rate Schedule and billed him accordingly. Complainant indicated that he has used the property as a residence for twenty-nine years and has always been serviced under the residential service tariff. KU reviewed its files and determined that based on the facts and circumstances of this case and Complainant’s

representations to KU regarding the nature of his use of the premises, Complainant should be reverted back to a residential service rate.¹

KU has now moved Complainant back to the Residential Service Rate schedule going forward, and KU will adjust his prior billing accordingly as well.

KU's Customer Commitment department has spoken with Complainant, who has stated that he is satisfied with this result and agrees that dismissal of the Complaint is appropriate.

Therefore, the Commission should dismiss the Complaint with prejudice as fully satisfied.

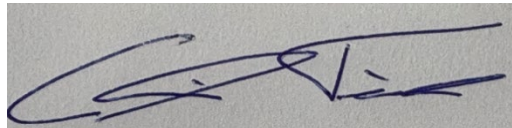

WHEREFORE, for all of the reasons set forth above, Kentucky Utilities Company respectfully asks the Commission to dismiss the Complaint with prejudice as fully satisfied.
