Comments:

I oppose this rate increase. First of all I have been complaining about a foul smell coming from the sewer- everybody can smell it and I know other neighbors have called about it and nothing ever happens answer we never ever see anyone from this out of state company even come through this neighborhood and trust me are watching. The first rate increase was too much as it is let alone another because they dont service this sewer ever nor do they have any intention of servicing it. The only thing they do is take our money or threaten us. I am a widow, a senior citizen who lives on a very small amount of money each month and why am I paying the same rate as the people next door who have ten people living there? I live alone. They purchased this sewer knowing the condition it was in and have done nothing not one thing to it and I have lived here since 1979. This already is an insane amount to be paying for sewer when my water bill is only 19 dollars a month. You have an obligation to protect citizens like me against vultures like them. Bluegrass Water can claim they have done all this stuff but they havent done anything, not here or any of the neighborhoods they operate.
