Re: CASE NO. 2025-00387 – Filing Deficiencies
South 641 Water District
(Purchased Water Adjustment)

Dear Ms. McKinney:

Commission Staff has reviewed the application in the above case. This filing is rejected for the reason(s) set forth below.

Filing deficiency pursuant to:

1. 807 KAR 5:068 Section 1(b): A schedule listing current and proposed rates; Proposed rates are incorrect, PWA factor should be 0.44 not 0.32.
2. 807 KAR 5:068 Section 1(c): A copy of the supplier's notice showing a change in supplier's base rate; New rates are incorrect, incorrect PWA factor used.
3. 807 KAR 5:068 Section 1(d): The calculation and all supporting documents used to determine the change in purchased water costs sufficient to determine the accuracy of the calculation; PWA factor is incorrect. Calculation should be increased water cost (\$6,068.10) / total gallons sold (13,787,664) x 1,000 = 0.44, not 0.32. District incorrectly calculated it as increased water cost (\$6,068.10) / gallons purchased (18,962,800) x 1,000 = 0.32.

The information necessary to cure the deficiency must be submitted within 10 days of the date of this letter.

If you need further assistance, please contact Brian Thomas at 502-564-3940.

Sincerely,

Linda C. Bridwell, PE
Executive Director
