PUBLIC SERVICE
COMMISSION

Dear Mr. Derouen:

Pursuant to the Public Service Commission's order entered May 11, 2010, in the case set forth above, the Boone County Water District is notifying the Commission of the execution of the purchase and lease agreement between the Boone County Fiscal Court and the Boone County Water District on June 22, 2010.

As further directed by the Commission's order of May 11, 2010, the Boone County Water District is enclosing revised tariff sheets reflecting the addition of the monthly surcharge assessed to the County's current customers and descriptions and maps of the areas comprised by SubDistrict A and SubDistrict B. Please note that the water rates set forth in the tariff are rates adopted by the Boone County Water District pursuant to a purchased water adjustment but not approved by the Public Service Commission.

Very truly yours,

DAVID A. KOENIG
