RE: Case No. 2011-00206

Dear Jeff Derouen,

This is written notification that effective October 1, 2011 The city of Madisonville has received sole acquisition of customers of Oakwood Sewage Company. The wastewater collection system of Oakwood's has been merged with the new Madisonville's South Main Street extension which is in full operation in the surrounding area.

The former package plant of Oakwood's has been disconnected, pumped out by the city and removed. The land that it resided on for the past 30+ years is in the process of restoration.

The financial and statistical report as required by regulation 807 KAR 5:006, section 3, for the portion of year 2011 that Oakwood operated will be forthcoming.

I would like to take this time to thank you and all of the staff at the Public Service Commission for you help and guidance during the past 8 years of operation as Oakwood Sewage Company.

Sincerely,

Robert E. Offutt
Owner
