RE: Lyon County Water District Case No. 2015-00376

Dear Renee,

In response to your email dated January 31st, 2017, requesting further information on Case No. 2015-00376, we offer the following responses:

Per Ordering Paragraph #9

- Lyon District shall file with the Commission documentation of the total costs of this project, including the cost of construction and all other capitalized costs (e.g., engineering, legal, and administrative) within 60 days of the date that the construction is substantially completed.

Response: The project is currently ongoing. Once the project is substantially complete, the requested information will be supplied as requested. We anticipate that the project should be completed in the next couple of months.

Per Ordering Paragraph #10

- Lyon District shall file a copy of the "as-built drawings" and a certified statement from the engineer that the construction has been satisfactorily completed in accordance with the contract plans and specifications within 60 days of substantial completion of the construction certificated herein.

Response: The project is currently ongoing. Once the project is substantially complete, the requested information will be supplied as requested. We anticipate that the project should be completed in the next couple of months.

Per Ordering Paragraph #11

- Lyon District shall notify the Commission in writing one week prior to the actual start of construction and at the 50 percent completion point.

Response: The actual start date of construction was January 28th, 2016 and the project was approximately 50% complete on June 2nd, 2016.

If you have any further questions, please do not hesitate to contact me.

Thank you,
