COMMISSION

In the Matter of:

NORTH MERCER WATER DISTRICT

}
} CASE NO. 2017-00127

APPLICATION FOR DEVIATION OF 807 KAR 5:006, SECTION 14(B)(1),
RELATING TO OFFICE HOURS

**RESPONSES TO PUBLIC SERVICE COMMISSION STAFF'S
REQUEST FOR INFORMATION TO NORTH MERCER WATER DISTRICT**

On March 10, 2017, North Mercer Water District ("North Mercer") filed an application pursuant to 807 KAR 5:001, Section 22, requesting a deviation from 807 KAR 5:006, Section 14(B)(1), which requires that a utility shall make a designated representative available during the utility's established working hours not fewer than seven hours per day, five days per week, excluding legal holidays.

On October 11, 2017 the KY Public Service Commission ruled, based on the evidence of the record and being otherwise sufficiently advised, that the District should not be allowed to deviate from the requirements of 807 KAR 5:006, Section 14(1)(b)(1). The District's evidence consisted partially of anecdotal reports that the District's customers wanted longer hours, even if only four days per week.

The District respectfully requests that the Public Service Commission reconsider its decision in light of the evidence North Mercer has attached to this request, which substantiates the claim by the District that customers have requested numerous times that the District provide customers with longer hours making bill payment in person more convenient.

As outlined by the Public Service Commission, North Mercer conducted a written survey of customers asking for them to identify office hours they would prefer. Customers could choose office hours offered seven hours a day five days a week or ten hours a day, four days a week. The survey was conducted during office hours during the month of November, 2017. Customers who normally pay their bill in person were asked to complete the survey. The customers who completed the surveys are the customers who will be most greatly impacted by office hours. The District considered mailing out the survey to all customers but felt that the return would be low and the cost to the District would be substantial. Asking the customers, in person, would allow the District to get the customers' immediate response. Every customer who filled out a survey also signed the survey and printed their name and the date. North Mercer collected 134 completed and signed surveys. One hundred and four of the surveys collected responded with a request of four, ten hour days. 30 Customers surveyed requested five seven hour days. True copies of the completed surveys are attached.

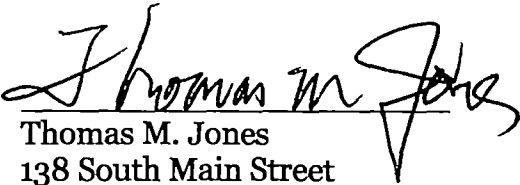

78% of the customers surveyed would like North Mercer to offer office hours of 10 hours a day, 4 days a week. 22% would like North Mercer to offer office hours of 7 hours a day, 5 days a week.

North Mercer completed a list of how customers chose to pay during the month of November, 2017, with 4803 active accounts:

2,815 Mail
1,006 Automatic Draft
386 Debit/Credit Card
241 Web Payment
180 Drop Box
175 Walk In

Respectfully Submitted,

This the 24th day of January, 2018.
