Case Number – 2017-00193

Dear Ms. Pinson:

As required by the PSC Order for Case No. 2017-00193, we are informing the Commission that we are at the 50% completion mark for the Sardis Tank Project. Construction began on September 14th, 2017. Unfortunately, we realize that we did not inform the Commission of the start of construction.

As required by the order, we will be submitting “as-built” record drawings, as well as complete construction cost with evidence within 60 days of project completion.

Respectfully,

Dick Clary, Chairman
Buffalo Trail Water Association
