Re: Case No. 2020-00083

Dear Ms. Bridwell:

One of the stipulations in the Commission's Order of March 30, 2020, in the referenced case stated that "Corinth District shall file for an adjustment in its base rates or file an alternative rate filing within one year of the date of this Order". Because of a misunderstanding regarding PSC procedures during the COVID emergency, we only recently contacted the Kentucky Rural Water Association for assistance with the rate study and ARF application.

KRWA can help with this, but with its current backlog of studies will need several months to complete the work. This delay does have the advantage of allowing the financial reports for calendar year 2020 to be completed, so the most current information will be available for use.

Therefore, Corinth District is requesting an extension from the date included in the referenced Order which would set a new deadline of November 30, 2021, to file an alternative rate case.

Please contact me if you have any questions or if we can provide additional information.

Sincerely,

Tara Wright  
Manager
