Below are current Zillow real-estate searches for the 2419 blue john rd tank testing site stated in STOLL KEENON OGDEN PLLC last filed Oct. 8 Stating my confused comments to the commission on #2026-00191 about the blue John tank. They are using out dated street number series. To CONFUSE EVERY ONE , The fire hydrant and station is 2394 in this obsolete system. 6394 is currently the fire station address..My Tree farm 6271 was once 1054 blue john rd decades ago 💙?? 2419 IS MOBILE HOME & WAS NEVER THE FIREHOUSE SUB STATION..more confusion..
