RE: Certification Pursuant to 54.314

Dear Mr. Lyons:

In accordance with the Commission's September 27, 2002, Order in Administrative Case No. 381, AT&T Mobility¹ (SAC 269905) respectfully submits for filing its Eligible Telecommunications Carrier Certification and Report.

Attachments A-1 and A-2 to the Certification contain confidential material. Accordingly, AT&T Mobility also submits for filing its Petition seeking confidential treatment of that material (which is supported by the Affidavit of Kristi Turner) along with a sealed confidential version of Attachments A-1 and A-2. Consistent with my conversation this morning with Mr. Pinney, an original and one redacted copy of the petition and accompanying public versions of Attachment A-1 and A-2 are being filed with the Commission.

Please address any questions or concerns regarding this filing to:

Tony Taylor
Assistant Vice President – External Affairs
462 S 4th St., Suite 2400
Louisville, Kentucky 40202
tony.taylor@att.com

We respectfully request that the Commission certify to the FCC pursuant to the state certification process set out in 47 C.F.R § 54.314 that such funds are used appropriately.

**ELIGIBLE TELECOMMUNICATIONS CARRIER CERTIFICATION AND
REPORT OF NEW CINGULAR WIRELESS PCS LLC D/B/A AT&T MOBILITY
(SAC 269905)**

4. Based on USAC's most recent projections, the Company currently estimates that it will receive approximately \$2.3 million in federal high-cost universal service support in 2018. The FCC released its *USF/ICC Transformation Order*¹ that made significant changes to its high-cost program, and among other changes adopted a final rule to phase out high-cost support payments to competitive ETCs, like AT&T Mobility.

5. Pursuant to the FCC's Orders, the Company hereby certifies that it used in the preceding year (2016) and will use in the upcoming year (2018) all of its federal high-cost universal service support only for the provision, maintenance, and upgrading of facilities and services for which the support is intended in accordance with 47 U.S.C. §254(e).

A. Service Improvement Progress Report

6. Since its designation as an ETC, the Company has continued to identify facility projects intended to expand network coverage within its designated service area. Attached as **Confidential Attachment A-1** is a summary of the types of facilities, locations, estimated budget and deployment dates for each of these service improvements for calendar year 2018.

7. **Confidential Attachment A-2** explains how the Company spent the USF support that it received in 2016.

8. Pursuant to 47 U.S.C. § 254(e), the Company will continue to utilize the federal high-cost universal service support it receives to maintain, upgrade and operate these network facilities consistent with the universal service objective of providing quality telecommunications services.

B. Requests for Service

¹ *Connect America Fund, et al.*, WC Docket No. 10-90 *et al.*, Report and Order and Further Notice of Proposed Rulemaking, 26 FCC Rcd 17663 (2011) ("*USF/ICC Transformation Order*").

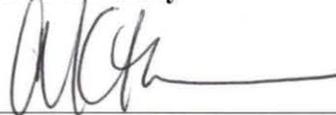

9. AT&T Mobility committed to annually report the number of requests for service from potential customers within its designated ETC service area that were unfulfilled. The Company has adopted the calendar year as the time period for purposes of this report. Accordingly, for the time period January 1, 2016 through December 31, 2016, the Company experienced 0 (zero) requests for service that the Company was unable to satisfy.

C. Complaints Per 1,000 Customers

10. The Company is also required to annually report the number of complaints per 1,000 customers. The Company has adopted the calendar year as the time period for purposes of this report. For the time period January 1, 2016 through December 31, 2016, the Company received 0.160 complaints per 1,000 customers statewide from the Attorney General, Better Business Bureau, and the FCC.

The matters addressed above are within my personal knowledge and are true and correct.

**PETITION OF AT&T MOBILITY
(SAC 269905) FOR CONFIDENTIAL TREATMENT**

AT&T Mobility¹ respectfully submits this Petition for Confidential Treatment of Confidential Attachments A-1 and A-2 to the Certification and Report (“Certification”) it filed in this docket on August 18, 2017.² This Petition is filed pursuant to KRS §61.878(1)(c)(1) and 807 KAR 5:001 Section 13, and is supported by the attached Affidavit of Kristi Turner (“Turner Affidavit”).

While public records generally are open for inspection, *see* KRS §61.872(1), several exceptions exist. *See Id.* One such exception is that information “generally recognized as confidential or proprietary, which if openly disclosed would permit an unfair commercial advantage to competitors of the entity that disclosed the records,” is subject to inspection “only upon order of a court of competition jurisdiction” *See* KRS §61.878(1)(c). As explained below, Confidential Attachments A-1 and A-2 to AT&T Mobility’s Certification are comprised

¹ New Cingular Wireless PCS, LLC d/b/a AT&T Mobility.

² As it has done in past years, AT&T Mobility is providing the original of its Kentucky Service Improvement Plan (2018 Projection) (“**Confidential Attachment A-1**”) and its Kentucky Service Improvement Plan (2016 Actuals) (“**Confidential Attachment A-2**”) as attachments to this original Petition for Confidential Treatment on paper that is labeled “Proprietary Information” and “Confidential” on each page. As all of the information in each of these Attachments is confidential and proprietary, the public versions of these attachments provide “The entire document is proprietary. There is no edited version.”

entirely of confidential and proprietary information, including the Company's network infrastructure, proposed service improvements, build out plans, and operating costs, that is exempt from inspection. AT&T Mobility, therefore, requests that the Commission afford Confidential Treatment to Confidential Attachments A-1 and A-2³ for ten years. After the expiration of the requested confidential period the confidential information would be sufficiently dated so that its public disclosure would no longer afford a competitive advantage to competing wireless providers.

Wireless providers such as AT&T Mobility operate in a highly competitive market. The Company's competitors include Sprint, T-Mobile, and Verizon. The information in Confidential Attachments A-1 and A-2 would provide competitors and potential competitors with important proprietary information about AT&T Mobility and its operations, which competitors would be unable to obtain otherwise. Turner Affidavit, ¶ 4.⁴ Armed with this information, a competitor could develop entry, marketing, or other strategies, which would give it an unfair advantage in competing with AT&T Mobility. Further, in a competitive market, any information gained about a competitor can be used to that competitor's detriment. *Id.* at ¶ 5. Such an unfair competitive advantage would skew the marketplace and prevent the development of true competition to the ultimate detriment of the consumer. Granting this Petition, therefore, will serve the public interest because competition will be enhanced.

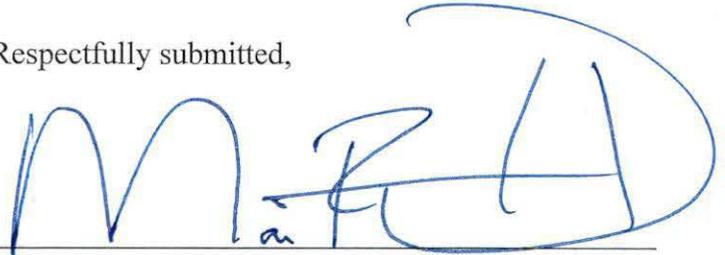

³ The Commission has recognized that information of this type previously submitted by American Cellular (*see* January 24, 2000, Order in Case No. 99-184) and by AT&T Mobility (*see* letter dated January 26, 2011, in this docket) is entitled to Confidential Treatment.

⁴ *See also, Id.*, ¶6 (this information is not generally known outside AT&T Mobility, nor is it provided to the public).

Accordingly, for the reasons explained above, the Company respectfully requests that the Commission issue an Order granting Confidential Treatment to Confidential Attachments A-1 and A-2 to AT&T Mobility's Certification.

This the 18th day of August, 2017.

Respectfully submitted,
