Re: Kentucky American Water Company  
Petition for Confidential Protection received 12-14-10  
PSC Reference #: 2007-00134

Dear Mr. Ingram:

The Public Service Commission has received the Petition for Confidential Protection you filed on December 14, 2010 on behalf of Kentucky American Water Company ("KAWC"), to protect certain information filed with the Commission as confidential pursuant to Section 7 of 807 KAR 5:001 and KRS 61.878. The information you seek to have treated as confidential is identified as being contained in KAWC's Response to Commission Order dated April 25, 2008, paragraph 5. The information is more particularly described as the "as built" drawings in their entirety, containing infrastructure information.

Your justification for having the Commission handle this material as confidential is that the public disclosure of the information would present a security risk to KAWC and to the public at large.

Based on a review of the information and pursuant to KRS 61.878 and 807 KAR 5:001, Section 7, the Commission has determined that the information requested to be held confidential is of a proprietary nature, which if publicly disclosed would present an unwarranted security risk to the company and to the public. Therefore, the information requested to be treated as confidential **meets the criteria for confidential protection** and will be maintained as a nonpublic part of the Commission's file in this case. The procedure for usage of confidential materials during formal proceedings may be found at Section 7(8) of 807 KAR 5:001.

If the information becomes publicly available or no longer warrants confidential treatment, Kentucky American Water Company is required by Section 8(9)(a) of 807 KAR 5:001 to inform the Commission so that the information may be placed in the public record.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Derouen". The signature is written in a cursive style with a prominent loop at the end.
