Dear Sir:

The ordering paragraphs from the Final Order on Case No. 2010-00439 dated December 10, 2010 state the following:

4. If the actual terms and conditions of the proposed loan differ from those set forth in its application, Kirksville shall, within 30 days of executing the loan agreement, file with the Commission amortization schedules and work papers showing the actual gross savings and net present value savings that will result from the refinancing.
5. Within 30 days of executing the proposed loan agreement, Kirksville shall file with the Commission a statement setting forth the date on which the agreement was entered, the actual interest rates, and the principal amount.

Some of this information was referred to in e-mails which are included in the case file. However, those e-mails pre-date the order and additional information is still needed so that Kirksville Water Association is in compliance with the Commission's Final Order in Case No. 2010-00439. Because this information was due March 8, 2011, we request a prompt and complete response with reference to this case number.

Sincerely

Linda Faulkner/Filings Director
