RE: Public Contact 2011-00280

Dear Mr. Derouen:

Pursuant to the order entered on November 7, 2011 and in keeping with compliance with that order, I am enclosing a copy of various documents.

I would ask that you review those documents and let me know if you believe, for any reason, those documents fail to meet the requirements of the order. The "content page" is structured to identify each exhibit and references which paragraph of the order it addresses. Pursuant to the order and my correspondence with Allyson Honaker, I am including the original and one copy. If you need additional copies please let me know.

I appreciate your review of this document and getting back with me at your earliest convenience regarding any questions or concerns.

Very truly yours,

HON. J. HADDEN DEAN  
JHD/ebs

Enclosure(s)

Cc: L. Allyson Honaker  
Jim Jacobus

**Case No. 2011-00280**

## CONTENT

### EXHIBIT 1

*Pursuant to the November 7, 2011 Order, page 4, paragraph 6, within 30 days of the Order, Inter-County shall provide a summary report to the Commission of the system-wide inspection performed as a result of this incident. The report shall contain all potential violations found including this type of violation, the curative action taken and the timeframe in which they were corrected.*

**Inter-County Energy Potential Clearance Findings and Corrections**

**Updated Response - January 6, 2012**

### EXHIBIT 2

*Pursuant to the November 7, 2011 Order, page 4, paragraph 8, beginning with the December 2011 issue, Inter-County shall provide information in each issue of its monthly magazine distributed to all customers regarding safety. At least once per year, Inter-County will provide specific information in the magazine on clearance issues. Inter-County shall file a copy of each monthly magazine with the Commission beginning with the December 2011 issue.*

Protect yourself and your loved ones

Check for and eliminate electrical hazards in your home:

- Replace missing or broken wall plates.
- Check for loose-fitting plugs.
- Check for outlets overloaded with multiple adapters & plugs.
- Have an electrician check outlets or switch plates that are discolored or warm to the touch.
- Make sure light bulb wattage matches the fixture requirements.
- Replace electrical cords that have frays or broken casing.
- Make sure outlets have Ground Fault Circuit Interrupters (GFCIs) in the kitchen, bathroom, laundry and outside.

To learn more about electrical safety, please visit our web site at [www.intercountyenergy.net](http://www.intercountyenergy.net).
