Re: Case No. 2012-00013
Subject: RF 100-Meter Pilot Project

Dear Mr. Derouen:

Licking Valley RECC completed the installation of meters and collectors for the RF 100 – Meter Pilot Project as of September 30, 2015. These meters are collecting and recording data. Licking Valley RECC is satisfied with the results of the “100-Meter Pilot Project” and is requesting a CPCN for system-wide application and installation of Landis + Gyr digital meters.

Thank you for your consideration in this matter.

Sincerely,

Kerry K. Howard
General Manager/CEO
