Frankfort, KY 40601

**Re: Case No. 2012-00022
Forexco, Inc., Farm Tap Service**

Dear Mr. Derouen:

Pursuant to the Order issued by the Public Service Commission in the above-styled case on April 18, 2012, please find enclosed the following documents:

- A list of potential customers to whom Forexco, Inc., has sent informational notices regarding the availability of farm tap service in Bell County, Kentucky; and
- A sample copy of the informational notice sent to said potential customers

Should you have any questions or need additional information, please contact us at your convenience.

Sincerely,

Shannan Stamper Carroll

**Re: INFORMATIONAL NOTICE
FARM TAP SERVICE TO BE PROVIDED BY FOREXCO, INC.**

To Whom It May Concern:

Forexco, Inc. ("Forexco"), is currently constructing a natural gas gathering pipeline in Bell County. Forexco is contacting you because your property may be within one-half air-mile of this pipeline.

Kentucky law (KRS 278.485) requires every gas pipeline company obtaining gas from producing wells to provide service, upon request, to customers whose property is located within one-half air-mile of the company's producing gas well or gas gathering pipeline. Such natural gas service is commonly referred to as "farm tap service."

Forexco has received approval from the Kentucky Public Service Commission to offer farm tap natural gas service to customers within one-half air-mile of Forexco's gathering line upon such a customer's request. Service will initially be provided under the rates and regulations set forth in the attached tariff approved by the Commission by order dated April 18, 2012.

If you are interested in requesting natural gas service from Forexco, please send a written request to Forexco at the following address:

37 Courthouse Square
P.O. Box 1309
Whitley City, Kentucky 42653

Upon the receipt of your request, we will provide you with additional information regarding said service.

Sincerely,

Vernon Smith
Operations Manager

Surface Ownership Within Half Mile Radius of 8 inch Pipeline
