RE: PSC Case No. 2012-00178

Dear Mr. Toles:

The ordering paragraphs in the final order of the above referenced case dated June 12, 2012 state the following:

**Within 180 days of the date of this Order, Farmdale District shall file with the Commission a written plan for a sample testing program to test the proposed metering equipment after its deployment to ensure it is operating within acceptable limits and accurately registering water usage.**

**Farmdale District shall notify the Commission in writing one week prior to the actual start of construction and at the 50 percent completion point.**

According to my records, we have not received the sample testing program, which is overdue. Also, has construction begun on the project?

Thank you for your attention to this matter.

Sincerely,

Linda Faulkner  
Filings Director
