Item#7 from Case No. 2013-00219
For the Year 2018

- a. By DSM program, the number of customers and peak demand and kWh savings.
See information on Item c.
- b. A recap of Jackson Energy's customer awareness and education efforts, and the Number of members who made contact regarding such efforts.

Jackson Energy responded to 1,172 member/consumers during 2018 as a direct result of those members requesting information/assistance about our DSM/energy-efficiency programs. Of those members, 498 required that an energy advisor make a home visit to access the home and make recommendations for efficiency improvements, or the energy advisor met with them in our office to make specific recommendations for energy efficiency improvements.

Jackson Energy's awareness and education efforts consist of various communication methods as listed below:

Online energy audits
Rebates and incentives

- c. Budgets, actual expenditures, number of participants and the estimated impact on sales for each DSM and energy efficiency program approved.
