Yes. Can you send a copy of the as-builts and a certified letter of completion? I also need documentation of total costs including cost of construction and all other capitalized costs. Can you provide that as well? Remember to reference the PSC case number when you send to me.

Thanks for your assistance.

Hello Linda. That project was completed about a month ago. Do you need something from us to close it out on your end?

Good afternoon Patrick.

I need to check on a project that was originally assigned to Kerry Odle. Case No. 2013-00404 is the relocation & improvement of a primary lift station and the addition of sewer lines for Grant Co Sewer District. The case closed about a year ago. Can you give me an update on this project please?

Thanks.
