NOTICE OF CHANGE ORDER NO. ONE
Re: Term & Delivery Period. Contract Quantity, Contract Price

On March 23, 2026, Seller was awarded additional volume as a result of Buyer's spring 2026 Request for Proposal process. Thus, effective March 23, 2026, Buyer and Seller hereby agree to delete the Term & Delivery Period, Contract Quantity, and Contract Price sections of the above-referenced AEP Confirmation in its entirety and replace it as follows:

Term & Delivery Period: January 1, 2027 through December 31, 2028

Contract Quantity: The total Contract Quantity for the Term is 450,000 Tons of Coal, of which 250,000 Tons will be delivered in 2027 and the remaining 200,000 Tons will be delivered in 2028 from the Approved Production Source(s).

The Contract Quantity shall be delivered FOB Barge at the Designated Delivery Point during the Term to be delivered by a mutually agreeable shipping schedule (each barge shall constitute a "Shipment"). If the Parties do not agree to a mutually agreeable shipping schedule, then the yearly Tons shall be delivered on a monthly pro rata basis.

Buyer with 90 days notice prior to the start of a calendar year quarter may defer 15% of the ratable quarterly volume to a mutually agreeable time period and, in such event, this Confirmation may then be extended into 2029 if necessary to accommodate delivery of the Contract Quantity.

Contract Price: The Contract Price is \$82.00 per Ton for the first 250,000 Tons and \$84.00 per Ton for the remaining 200,000 Tons FOB Barge at the Designated Delivery Point, except as provided for under Schedule 7, Quality Adjustments, of the Master Agreement, as hereinafter defined.

Except as amended herein, all other provisions of the above-referenced Confirmation shall remain in full force and effect. Please indicate your acceptance by signing in the space provided below and returning by email to mtgriffiths@aep.com.
