NOTICE OF CHANGE ORDER NO. TWO
Re: Contract Quantity

Effective April 15, 2026, Buyer and Seller hereby agree to amend the above-referenced Confirmation as follows:

The Contract Quantity section of the Confirmation is deleted in its entirety and replaced with the following to increase the Contract Quantity by 200,000 Tons:

Contract Quantity: The total Contract Quantity for the Term is 825,000 Tons, of which 34,401 Tons were delivered in 2023; 164,788 Tons were delivered in 2024; 217,334 Tons were delivered in 2025; and the remaining balance of 408,477 Tons will be delivered in 2026.

For Contract Year 2026, Buyer has the option for each quarter to increase the volume by 10% of the quarter's ratable volume or defer 10% of the quarter's ratable volume. In the case of an increase these additional Tons will be purchased at the 2026 Contract Price. In the case of deferral(s), the deferred volumes will be shipped the following year, and this Confirmation shall be extended into Q1 2027 if and to the extent necessary to accommodate delivery of the remaining Contract Quantity including such deferred volumes.

Contract Quantity to be delivered FOB barge on a mutually agreeable shipment schedule during the Term (each barge shall constitute a Shipment).

Except as amended herein, all other provisions of the above-referenced Confirmation shall remain in full force and effect. Please indicate your acceptance by signing in the space provided below and returning by email to mtgriffiths@aep.com.
