Re: Fuel Purchase Order No. J26004 / Additional Barge Delivery Point

Bob,

This letter documents agreement between Fore, LLC (“Fore”) and Louisville Gas and Electric Company and Kentucky Utilities Company (“LG&E and KU”) to add a Barge Delivery Point on Fuel Purchase Order J26004 (“the Agreement”), FOB Barge M.P. 74.5 Kanawha River (“M.P. 74.5 KR”).

LG&E and KU reserve the right to rescind, suspend, or terminate this addition of Barge Delivery Point upon written 30 days’ notice for material changes or risks.

The price of coal for tons loaded and shipped from M.P. 74.5 KR will be adjusted from \$41.00 per ton (the contractual price for tons loaded into barge at all other Delivery Points) to \$37.42 per ton.

Sincerely,

Matthew Mengelberg
