General Information - Inventory (cont.) (Ref Page: 19)

Explain	
Method of Pricing materials and supplies is:	Average unit cost per item.
If inventory adjustment exceeds 1 percent of avg material and supply account for the year, please explain reason for such excess.	The excess adjustment to our inventory for the year was heavily influenced by miscommunication of material during a major storm outage that occurred on the system. This miscommunication occurred between contractors and our warehouseman/work order clerk, leading to incorrect material being documented. Adjustments were made to rectify the issue.
