INDEPENDENT AUDITORS' REPORT

Kentucky Offices:
Louisville
Brandenburg
Bardstown

To the Board of Directors
Brandenburg Telephone Company
Brandenburg, Kentucky

Report on the Financial Statements

We have audited the accompanying balance sheets of Brandenburg Telephone Company as of December 31, 2013 and 2012, and the related statements of income, changes in stockholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of Brandenburg Telephone Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedure that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting policies made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Brandenburg Telephone Company as of December 31, 2013 and 2012, and the results of its operations and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

In accordance with *Government Auditing Standards*, we have also issued our report dated March 20, 2014, on our consideration of Brandenburg Telephone Company's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and is important for assessing the results of our audit.

BRANDENBURG TELEPHONE COMPANY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

Note A - Summary of Significant Accounting Policies

The Company maintains its records in accordance with practices prescribed or permitted by the Kentucky Public Service Commission and the Rural Utilities Service (RUS) which conforms to accounting principles generally accepted in the United States in all material respects. Accordingly, the Company follows these practices:

Nature of Operations:

The Brandenburg Telephone Company is a telephone company that offers business and residential telephone service to customers located in Meade, Hardin and Breckinridge counties in Kentucky.

Telephone Plant:

Telephone plant in service is stated at original cost, which is the cost when first dedicated to public service. Such cost includes applicable supervisory and overhead cost.

The cost of maintenance and repairs, including renewals of minor items of property, is charged to operating expense. The cost of depreciable property units, as distinguished from minor items, is charged to utility plant. The cost of removal, net of any salvage value, is charged to accumulated depreciation. Gain or loss on the sale of assets is recognized as income in the year in which the assets are sold.

Depreciation:

Provision has been made for depreciation for financial statement purposes on the basis of estimated useful lives of assets (as prescribed by the Public Service Commission of Kentucky) using the straight-line method.

Estimates:

Management uses estimates and assumptions in preparing these financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Accounts Receivable:

The Company considers its accounts receivable at cost less an allowance for doubtful accounts. On a periodic basis, the Company evaluates its accounts receivable and establishes an allowance for doubtful accounts, based on a history of past write-offs and collections and current credit conditions. The Company's policy is not to accrue interest on accounts receivable. Accounts are written off as uncollectible at the time management determines the collection is unlikely.

Note B - Parent Subsidiary

As of December 31, 2013, the Brandenburg Telephone Company is a wholly owned subsidiary of Brandenburg Communications Corporation.

Note C – Pension Plan (Continued)

To develop the expected long-term rate of return on assets assumption, the company considered the historical returns and the future expectations for returns for each asset class, as well as the target asset allocation of the pension portfolio. This resulted in the selection of the 7.00% long-term rate of return on assets assumption.

The Plan's investments are reported at fair value.

Note C – Pension Plan (Continued)

FASB ASC Topic 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consists of observable inputs other than quoted market prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriation valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of common stock are based on quoted market prices.

Level 2 Fair Value Measurements

The fair value of corporate bonds and U.S. Government securities for which quoted market prices are not available are valued on yields currently available on comparable securities of issuers with similar credit ratings. Investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount.

Note D - Cash Flow Information

The Company considers all short-term investments with an original maturity of three months or less to be cash equivalents.

Cash paid for interest and income taxes for 2013 and 2012 was as follows:

	<u>2013</u>	<u>2012</u>
Interest paid	\$ <u>8,285</u>	\$ <u>339</u>
Income taxes	\$ <u>2,610,765</u>	\$ <u>2,238,157</u>

Note E - Concentrations of Credit Risk

The Company maintains cash and cash equivalents at several banks. The total cash balances at each bank are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. A summary of total insured and uninsured amounts held at these financial institutions at December 31, 2013 are as follows:

Total Cash and Cash Equivalents	\$ 12,620,695
Less: Balance Insured by FDIC	<u>1,000,000</u>
Uninsured and Uncollateralized	<u>\$ 11,620,695</u>

Note F – Portfolio Investments

In accordance with FASB ASC Topic 320, Investments – Debt and Equity Securities, the company has classified all the Other Investments as available-for-sale. Available-for-sale investments are stated at fair value with unrealized gains and losses included in stockholder’s equities. The cost of investments sold is based on the specific identification method.

The cost and fair market values of marketable securities available for sale at December 31, 2013 and 2012 were:

	2013	2012
U.S. Government Securities:		
Amortized Cost	\$ 2,461,354	\$ 2,436,542
Gross Unrealized Gain	<u>6,471</u>	<u>24,812</u>
Fair Value	<u>\$ 2,467,825</u>	<u>\$ 2,461,354</u>

At December 31, 2013, maturities of investments classified as available-for-sale were as follows:

	Amortized Cost	Fair Value
Less Than One Year	\$ 2,467,825	\$ 2,461,354
One Through Five Years	-0-	-0-
After Five Years	<u>-0-</u>	<u>-0-</u>
	<u>\$ 2,467,825</u>	<u>\$ 2,461,354</u>

FASB ASC Topic 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consists of observable inputs other than quoted market prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriation valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 2 Fair Value Measurements

The fair value of municipal bonds and agency securities for which quoted market prices are not available are valued on yields currently available on comparable securities of issuers with similar credit ratings. Investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount.

Note G – Comprehensive Income

Comprehensive income is the total of (1) net income plus (2) all other changes in net assets arising from non-owner sources, which are referred to as other comprehensive income. The company has presented a statement of income that includes other comprehensive income. An analysis of changes in components of accumulated other comprehensive income is presented in the statement of changes in equity.

Note I – Telecommunications Plant (Continued)

The Company provides depreciation on a straight-line basis at annual rates which will amortize the depreciable property over its estimated useful life. Such provision as a percentage of the average balance of the telephone plant in service was 6.9% in both 2013 and 2012. Individual plant depreciation rates are as follows:

	<u>Percent</u>
Buildings	2.7
Digital electronic equipment	7.5
Toll and subscriber equipment	11.9
Poles	5.6
Aerial cable – metallic	6.6
Aerial cable – fiber	5.1

Furniture	8.7
Computer equipment	15.8
Conduit Systems	2.2
Vehicles	12.1

Note J - Income Taxes and Deferred Income Taxes

The Company and its parent file a consolidated federal income tax return. Income tax expense in the Company's income statement has been allocated an amount equal to the income tax that would have been applicable on a separate return basis.

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amount of the Company's assets and liabilities for financial reporting basis and the amounts used for income tax purposes.

Deferred federal and state tax assets and liabilities in the accompanying balance sheet include the following:

	<u>2013</u>	<u>2012</u>
Deferred Tax Assets:		
Federal	\$ 3,378,738	\$ 6,806,554
State	1,134,173	1,425,692

Note L – Subsequent Event Policy

Brandenburg Telephone Company has evaluated subsequent events through March 20, 2014, the date which the financial statements were available to be issued.

Note M – Accounting for Uncertain Tax Positions

The company adopted the accounting standard regarding “Accounting for Uncertain Tax Positions”. This standard provides detailed guidance for financial statement recognition, measurement, and disclosure of uncertain tax positions recognized in the enterprise’s financial statements. It requires an entity to recognize the financial statement benefit of a tax position when it is more likely than not that the position will be sustained upon examination. The adoption of this standard had no material effect on the Company’s financial position, results of operations, or cash flow. The tax years of 2010-2013 remain subject to examination by taxing authorities.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING
STANDARDS***

The Board of Directors
Brandenburg Telephone Company
Brandenburg, KY 40108

We have audited the financial statements of the Brandenburg Telephone Company, as of and for the years ended December 31, 2013 and 2012, and have issued our report thereon dated March 20, 2014. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered Brandenburg Telephone Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Entity's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Brandenburg Telephone Company's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and the Rural Telephone Bank and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
