INDEPENDENT AUDITOR'S REPORT

Board of Directors
Duo County Telephone Cooperative Corporation, Inc.

Report on the Financial Statements

Opinions

We have audited the accompanying consolidated financial statements of Duo County Telephone Cooperative Corporation, Inc. and subsidiaries which comprise the consolidated balance sheets as of December 31, 2025 and 2024, and the related statements of income, comprehensive income, patronage capital and other equities, and cash flows, for the years then ended and related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the respective financial position of Duo County Telephone Cooperative Corporation, Inc. and subsidiaries as of December 31, 2025 and 2024, and the results of their operations and their cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Duo County Telephone Cooperative Corporation, Inc. and subsidiaries and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Duo County Telephone Cooperative Corporation, Inc. and subsidiaries ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Duo County Telephone Cooperative Corporation, Inc. and subsidiaries internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Duo County Telephone Cooperative Corporation, Inc. and subsidiaries ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements that collectively comprise Duo County Telephone Cooperative Corporation, Inc. and subsidiaries basic financial statements. The consolidating schedules on pages 23-26 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

This data is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating information on pages 23-26 is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2026, on our consideration of the Duo County Telephone Cooperative Corporation, Inc. and subsidiaries internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Duo County Telephone Cooperative Corporation, Inc. and subsidiaries internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Duo County Telephone Cooperative Corporation, Inc. and subsidiaries internal control over financial reporting and compliance.

DUO COUNTY TELEPHONE COOPERATIVE CORPORATION, INC.
AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. Summary of Significant Accounting Policies:

Principles of Consolidation:

The consolidated financial statements include the accounts of Duo County Telephone Cooperative Corporation, Inc. and its wholly owned subsidiary Cumberland Cellular, LLC. All material intercompany transactions have been eliminated.

General:

The Cooperative maintains its accounts in accordance with the Uniform System of Accounts prescribed for telephone companies by the Federal Communications Commission. The financial statements reflect the application of certain accounting policies described in this note.

Nature of Business:

Duo County Telephone Cooperative Corporation and its subsidiaries, provide telecommunication services in all or parts of a seven-county area of south-central Kentucky. The Cooperative grants credit to customers, substantially all of whom are local residents and commercial businesses.

Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of management estimates and assumptions that affect the reporting amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reporting amounts of the revenues and expenses during the reporting period. Actual results could differ from those estimates.

Telecommunications Plant:

Telecommunications plant is stated at original cost, which includes material, labor, transportation and such indirect items as engineering, supervision and employee fringe benefits. As property units are retired in the ordinary course of business, the cost of the property plus removal cost, less salvage, is charged to accumulated depreciation. Listed below are the major classes of telephone plant as of December 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Land	\$ 528,411	\$ 365,841

1. Summary of Significant Accounting Policies, Continued:

Depreciation:

Depreciation is calculated by the straight-line method designed to amortize the cost of various classes of depreciable assets over their estimated useful lives.

Deregulated Customer Premises Equipment:

Deregulated CPE is stated at cost. The Cooperative provides for depreciation on a straight-line basis at an annual rate of depreciation which will amortize the cost of the equipment over its estimated useful life.

Cash and Cash Equivalents:

For purposes of the statement of cash flows, the Cooperative considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Nonregulated Investments:

This balance reflects the Cooperative's permanent net investment in deregulated CPE and internet equipment. Following is a summary of net income from deregulated operations for the years ended December 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Income from operations	\$ 10,152,998	\$ 9,313,144
Expenses	<u>(3,980,385)</u>	<u>(3,839,606)</u>
Nonregulated income	<u>\$ 6,172,613</u>	<u>\$ 5,473,538</u>

Investment in Affiliated Companies:

This balance represents the Cooperative's investments in affiliates for the purpose of providing cellular telephone services, video services and broadband services. Duo County Telephone Cooperative Corporation, Inc. owns 20% of Bluegrass Network, LLC. As of 1/1/2022 Cumberland Cellular, LLC owns 20% of Bluegrass Telecom. In March 2021, Cumberland Cellular Partnership sold all assets. All of these investments are accounted for using the equity method. Additionally, the Cooperative's 20% investment in a partnership is accounted for using the equity method.

In March 2003, the Cooperative's affiliate Cumberland Cellular, LLC, purchased the assets of a cable television system in Russell County, Kentucky. The operations of the cable system are reflected in the financial statements of Cumberland Cellular, LLC for 2025 and 2024.

In July 2006, the Cooperative's affiliate Cumberland Cellular, LLC purchased the assets of a cable television system in Columbia-Adair County, Kentucky. The operations of the cable system are reflected in the financial statements of Cumberland Cellular, LLC for 2025 and 2024.

Cumberland Cellular, LLC discontinued Cable Tv as of December 31, 2024.

AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, CONTINUED
DECEMBER 31, 2025 AND 2024

1. Summary of Significant Accounting Policies, Concluded:

Accounts and Notes Receivable:

The Cooperative estimates uncollectible accounts as a percentage of monthly revenues and compares this to invoices dated over 90 days when they are considered uncollectible. The Cooperative writes off receivables as a charge to the allowance for credit losses, in their estimation, it is probable that the receivable is worthless.

Inventories:

Inventory is accounted for at the lower of cost or net realizable value using the average cost method. Inventory consists of materials and expendable supplies held for future consumption or capitalization. The cost is recorded as an expense or capitalized as inventory items are consumed.

Other Equities:

This balance represents accumulated margins from non-patronage source income primarily from subsidiary operations.

Other Member Capital:

This balance represents unclaimed distributions of patronage capital. After a statutory waiting period, these balances may be re-assigned to the Cooperative's existing patrons.

Postretirement Benefit Plans:

The Corporation sponsors a defined benefit plan that provides medical insurance coverage to retirees and their dependents. Participating retirees who were employed as of July 30, 2004 and their dependents contributed 0% of the project cost of coverage. For employees hired after July 30, 2004 the Corporation contributed 100% until spouse and retiree were 65. For employees hired after December 1, 2012, the Corporation pays no health insurance for retirees.

2. Cash and Cash Equivalents:

3. Marketable Securities:

The Cooperative has classified its equity securities and a portion of its debt securities as available for sale securities. Available for sale investments are stated at fair value with unrealized gains and losses included in member's equity. The cost of the investments sold is based on the specific identification method.

The cost and fair market values of marketable securities available for sale at December 31, 2025 and 2024 were as follows:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>

At December 31, 2025, maturities of marketable debt securities classified as available for sale were as follows:

	<u>Cost</u>	<u>Fair Value</u>
Less than one year	\$ 883,082	\$ 790,071
More than one year	64,402,941	59,041,888
	<u>\$ 65,286,023</u>	<u>\$ 59,831,959</u>

US GAAP provides a framework for fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The methodology for measuring fair value specifies a three-tier hierarchy of valuation techniques based upon whether the inputs to those valuation techniques are based on quoted prices or identical assets or liabilities (Level 1), significant other observable inputs (Level 2), or significant other unobservable inputs that reflects a company's own assumptions of market participation valuation (Level 3).

Level 1 Fair Value Measurements

The fair values of common stock are based on quoted market prices.

Level 2

The value of corporate bonds, US Government securities, foreign obligations and state and municipal securities for which quoted market prices are not available are valued on yields currently available on comparable securities of issuers with similar credit ratings. Investments in certain restricted common stocks are valued at the quoted market price of the issuer's unrestricted common stock less an appropriate discount.

4. Provision for Income Taxes:

The Corporation has been exempt from federal income taxes as a cooperative telephone company under Section 501(c)(12) of the Internal Revenue Code. In 1991, the Internal Revenue Service issued a Technical Advice Memorandum, which interprets certain types of revenues to be excluded in determining when the Cooperative satisfies the 85 percent income test to qualify for tax exempt status. By applying these interpretations, the Cooperative does not qualify in the current year for the tax exempt status and the Corporation files separate corporate tax returns for the parent and each of the subsidiaries. The Company's provision for income taxes differs from applying the statutory U.S. federal income tax rate to income before income taxes. The primary differences result from providing for state income taxes and from deducting certain expenses for financial statement purposes but not for federal tax purposes.

The provision for income taxes for 2025 and 2024 consists of the following:

	<u>2025</u>	<u>2024</u>
Current income tax expense	\$ 1,305,030	\$ 1,442,010
Deferred income taxes	<u>(107,513)</u>	<u>(154,592)</u>
Provision for income taxes	<u>\$ 1,197,517</u>	<u>\$ 1,287,418</u>

A cumulative net deferred tax liability is included in other liabilities. The components of the liability are as follows:

	<u>2025</u>	<u>2024</u>
Deferred tax liability	\$ 2,797,631	\$2,661,086
Grant basis	(1,142,903)	-
Unrealized gain/(loss)	<u>285,488</u>	<u>(613,357)</u>
	<u>\$ 1,940,216</u>	<u>\$2,047,729</u>

The Cooperative follows the recognition requirements for uncertain income tax positions as required by generally accepted accounting principles. The Company has no tax position at December 31, 2025 for which the ultimate deductibility is highly certain but for which there is uncertainty about the timing of such deductibility. The Cooperative's policy is to classify income tax related interest and penalties in interest expense and other expenses, respectively. No such interest or penalties were recognized during the periods presented.

The Company files income tax returns in the U.S. federal jurisdiction, and various state and local jurisdictions. The Company is no longer subject to U.S. federal, state and local income tax examinations by tax authorities for years before 2022.

	<u>\$ 2,638,047</u>	<u>\$ 2,668,206</u>

6. Pension Plan:

The Cooperative has a non-contributory defined benefit pension plan covering substantially all of its employees. Effective July 1, 1984, the Cooperative changed from its original plan to one sponsored by the National Telephone Cooperative Association.

At the time of transfer to the new Plan, the Cooperative funded all past service costs. Contributions to this Plan for the years ended December 31, 2025 and 2024 were \$1,128,353 and \$1,031,868. The fund covers all vested benefits under the Plan. The Plan has been approved by the Internal Revenue Service. As the Cooperative is only one of several employers participating in the Plan, it is not practicable to determine if the vested benefits of the Cooperative's employees exceed the Cooperative's portion of the Plan assets.

Defined Postretirement Health Plan

The following table summarizes the benefit obligations and the funded status of the defined postretirement health care plan over the two-year period ending December 31:

	<u>2025</u>	<u>2024</u>
Accumulated post retirement benefit obligation	\$ (12,575,538)	\$ (13,347,879)
Fair value of plan assets - end of year	<u>22,278,679</u>	<u>19,846,005</u>

6. Pension Plan, Continued:

Amounts included in other comprehensive loss that have not yet been recognized in net periodic benefit cost at December 31 are listed below:

	<u>2025</u>	<u>2024</u>
Net periodic benefit plan cost	\$ (903,953)	\$ (662,309)

The accumulated loss is a result of the accumulated difference between the actuary's estimates based on actuarial principles and the Cooperative's actual experience with factors such as the length of employment, the discount rate for the Plan obligations, and expected rate of return on plan assets. The change in net loss was driven primarily by the difference between actual return on plan assets and assumed return on plan assets.

Other Plan information as follows at December 31:

	<u>2025</u>	<u>2024</u>
Unrecognized net gain reported as a increase to equity	\$ 1,872,846	\$ 686,220

The net periodic benefit cost is the amount recognized in the consolidated financial statements as the cost of the Plan for the year. Components of the net periodic benefit costs are service cost, interest cost, and amortization of unrecognized gains/losses and initial obligations.

The weighted average assumptions used in the measurement of the Cooperative's benefit obligation are shown in the following table at December 31:

<u>Weighted-average assumptions as of December 31</u>	<u>Percent</u>	
	<u>2025</u>	<u>2024</u>
Expected return on Plan assets	7.50%	7.25%
Discount rate	4.75%	4.95%

For measurement purposes, a seven percent annual rate of increase in the per capita cost of covered health care benefits was assumed for 2025. The rate was assumed to decrease gradually each year to a rate of five percent by 2028 and remain at that level thereafter:

2026	6.50%
2027	6.00%
2028	5.50%
2029	5.00%
2030	5.00%
2031-2035	5.00%

The discount rate used in determining the accumulated postretirement benefit obligation was 5.45% and 4.75% for the years ending December 31, 2025 and 2024 respectively.

Expected benefit payments from the plan for the year ending December 31, 2025 total \$764,752.

An additional 1% increase in the trend utilized for measurement purposes in 2025 would have resulted in an increase in the accumulated postretirement benefit obligation of approximately \$1,462,000.

Defined Contribution Plan

Additionally, the Cooperative has an elective 401(K) Plan with the Company providing matching contributions as defined in the Savings Plan adoption agreement. Total employee contributions related to the Plan for 2025 and 2024 were approximately \$360,000 and \$368,000. Total employer contributions related to the Plan for 2025 and 2024 were approximately \$172,000 and \$162,000.

The fair values of the Cooperative’s pension Plan assets at December 31, 2025, by asset category are as follows:

<u>Asset Type</u>	<u>Percentage of Plan Assets</u>
Vanguard Total Bond Market Index Fund	13.70%
Vanguard Total Stock Market Index Fund	24.70%
Vanguard High Yield Corporate Fund	8.10%
Vanguard FTSE All World EX US Index Fund	26.20%
Vanguard REIT Index Fund	8.30%
Ishares ACWI Minimum Volatility ETF	17.00%
Cash	2.00%

7. Revenue Recognition:

Nature of goods and services

The following is a description of principal activities from which the Cooperative generates its revenues. Telecommunication revenues – The Cooperative’s regulated sources of revenue are local network services, network access services (interstate and intrastate), carrier billing, video revenue and other service charges. The Cooperative’s nonregulated sources of revenue are customer premises and equipment, internet activities, long distance services, video services and security and business systems revenue.

Revenues from sales of equipment are recognized when control has transferred to the customer. Telecommunication service revenues are recognized as the related service is provided. Services are deemed to be highly interrelated when the method and timing of transfer and performance risk are the same. Highly interrelated services that are determined to not be distinct have been grouped into single performance obligation. Each month of services promised is a performance obligation. The series of monthly service performance obligations promised over the course of the contract are combined into a single performance obligation for purposes of the allocation.

The Cooperative has made judgements regarding transaction price, including but not limited to issues relating to variable consideration, time value of money and returns. When determined to be significant in the context of the contract, these items are considered in the valuation of transaction price at contract inception or modification, as appropriate.

The timing of recognition of revenue for each performance obligation may differ from the timing of the customer billing, creating a contract asset or contract liability. Short-term contract liabilities are classified as customer deposits. The Cooperative has no contract assets.

7. Revenue Recognition, Continued:

Multiple performance obligations

The Cooperative sells bundled service and equipment offerings. In these instances, the Cooperative recognizes its revenue based on the relative standalone selling prices for each distinct service or equipment performance obligation or bundles thereof. The Cooperative estimates the standalone selling price of the device or accessory to be its retail price excluding discounts. The Cooperative estimates the standalone selling price of telecommunication service to be the price offered to customers on month-to-month contracts.

From time to time, the Cooperative may offer certain promotions to incentivize customers to switch to, or to purchase additional services from the Company. Under these types of promotions, an eligible customer may receive an incentive in the form of a discount off additional services purchased shown as a rebate or credit to the customer's monthly bill. Rebates are amortized over the life of the contract and are recognized when included in the customer's monthly bill.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Duo County Telephone Cooperative Corporation, Inc.
Jamestown, Kentucky 42629

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Duo County Telephone Cooperative Corporation, Inc. and subsidiaries which comprise the consolidated balance sheets as of December 31, 2025 and 2024, and the related consolidated statements of income, comprehensive income, patronage capital and other equities, and cash flows for the years then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated March 31, 2026.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Duo County Telephone Cooperative Corporation, Inc. and subsidiaries internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Duo County Telephone Cooperative Corporation, Inc. and subsidiaries internal control. Accordingly, we do not express an opinion on the effectiveness of Duo County Telephone Cooperative Corporation, Inc. and subsidiaries internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses, or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Duo County Telephone Cooperative Corporation, Inc. and subsidiaries financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
