INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Estill County Water District No. 1
Irvine, Kentucky

We have audited the accompanying statements of financial position of the Estill County Water District No. 1, as of and for the years ended December 31, 2015 and 2014, which collectively comprise the Estill County Water District #1 basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Estill County Water District No. 1, as of December 31, 2015 and 2014, and the respective changes in financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2016, on our consideration, of the Estill County Water District No. 1's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 3 through 5 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audits were conducted for the purpose of forming an opinions on the financial statements taken as a whole. The supplemental information shown on page 14 is presented for purposes of additional analysis and is not a required part of the financial statements of the Estill County Water District No. 1. The accompanying supplemental information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**ESTILL COUNTY WATER DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)**

Years ended December 31, 2015 and 2014

This discussion and analysis is intended to be an easily readable analysis of the Estill County Water District's financial activities based on currently known facts, decisions or conditions. This analysis focuses on current year activities and should be read in conjunction with the financial statements and notes that follow. We encourage readers to consider the information presented here in conjunction with additional information found within the body of the financial statements and notes.

FINANCIAL HIGHLIGHTS

- In 2015, the District's net position decreased by \$359,128, or 6.78%.
- In 2015, revenues decreased by \$22,470, or 1.44%.
- Total expenses increased by \$121,470, or 6.24% in 2015.
- Principal payments on long-term debt amounted to \$92,100 in 2015, compared to \$88,000 in 2014.

OVERVIEW OF FINANCIAL STATEMENTS

This report consists of the management's discussion and analysis and the basic financial statements. The financial statements include notes that explain information included in the basic financial statements.

FINANCIAL STATEMENTS

The financial statements report information utilizing the full accrual basis of accounting and conform to accounting principles that are generally accepted in the United States of America. The statement of net position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. The statement of revenues, expenses, and changes in net position presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The financial statements also include a statement of cash flows, which presents sources and uses of cash and changes in cash balances during the fiscal year.

**ESTILL COUNTY WATER DISTRICT

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Estill County Water District No. 1 is an agency of the Estill County Fiscal Court. The Water District is governed by a Board of Commissioners appointed by the Estill County Fiscal Court.

The Estill County Water District No. 1 applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The District also applies Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before December 31, 2006, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails.

Method of Accounting

The Estill County Water District No. 1 is accounted for as a governmental enterprise fund. It is financed and operated in a manner similar to a private business enterprise where the intent of the governing body is the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis which are financed primarily through user charges. The accounts are maintained on the accrual basis of accounting.

Fixed assets

Fixed assets are recorded at cost and depreciated on a straight line basis over their estimated useful lives. See Note 2 for classification of fixed assets.

Nonmonetary Transactions

The Estill County Water District No. 1 accepts utility installations built by contractors upon inspection. The utility installations are added to fixed assets and contributed capital at the contractor's cost.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Amortization

Bond issue costs are being amortized and charged to expense over the life of the outstanding revenue bonds by use of the straight-line method.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash equivalents

For the purpose of the statements, the District considers all investments with a maturity of three months or less when purchased to be cash equivalents.

Materials and supplies

Materials and supplies are stated at cost. Cost is determined using the "first-in, first-out" method.

NOTE 2. FIXED ASSETS

Classification of fixed assets as of December 31, 2015 and 2014 consisted of the following:

	2015	2014
Land and structures	\$ 1,606,331	\$ 1,606,331
Pumping and distribution equipment	9,493,519	9,493,519
Services and meters	1,778,913	1,778,913
Other plant equipment	33,112	33,112
Office equipment and furniture	51,349	51,349
Transportation equipment	158,784	158,784
Other general equipment	134,210	134,210
	<u>\$ 13,256,218</u>	<u>\$ 13,256,218</u>

Depreciation expense charged to operations during the years ended December 31, 2015 and 2014 amounted to \$391,297 and \$390,375 respectively.

NOTE 3. CASH AND INVESTMENTS

Kentucky Revised Statutes authorize municipalities to invest in obligations of the United States and its agencies, obligations of the Commonwealth of Kentucky and its agencies, shares in savings and loan associations insured by federal agencies and deposits in national or state chartered banks insured by federal agencies. Larger amounts can be deposited in savings and loan associations and banks providing such institutions pledge obligations of the United States government or its agencies as security.

As of December 31, 2015 and 2014 the District is in compliance with this requirement.

NOTES TO FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS

NOTE 5. PENSION FUND

The Estill County Water District is a participating employer of the County Employee's Retirement System (CERS), which is a multi-employer defined benefit plan that covers substantially all regular full-time employees of the District. Retirement benefits are provided for through legislative action of the Kentucky General Assembly and are funded by employee contributions which are deducted from employees' wages and by employer-paid contributions. The General Assembly sets the employee contributions rates, currently 5%, and the Retirement Systems' Board of Trustees sets the employer contribution rates, currently 21.97%. Each employer is notified prior to each fiscal year of any change in the contribution rates.

The Retirement Systems' administrative expenses are subject to approval by the Kentucky General Assembly and are paid from the State's Retirement Allowance Account.

Employer contributions for the years ended December 31, 2015 and 2014, under the current plan, amounted to \$52,165 and \$54,879.

NOTE 7. COMPENSATED ABSENCES

The Estill County Water District's vacation policy entitles an employee to two weeks of vacation time after one full year of employment, three weeks with fifteen years of service and four weeks with twenty years of service. At the end of each year employees are paid for any unused vacation time.

The District's personal/sick leave policy allows for six personal days and six sick days after one year of full time employment. Employees may carry over no more than fifteen personal and sick days from one year to the next. Any unused personal days will be transferred to vacation days in December to replace any vacation days used and employees are compensated accordingly. Any unused sick days over the fifteen are lost at the end of each year.

NOTE 8. COMPLIANCE WITH BOND ORDINANCE

The 2014, 2006, 2002, 2000, 1996, and 1991 bonds are all on parity with each other. However, these bonds are also subject to the vested rights and priorities in favor of the 1964 and 1976 bond issues. The 1976 bond issue is subject to the vested rights and priorities in favor of the 1964 bond issue. While the 1964 bond issue takes priority over all other water bond issues.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. COMPLIANCE WITH BOND ORDINANCE (CONTINUED)

Bond Debt Service

All of the bond issues require the Estill County Water District No. 1 to set aside in a sinking fund monthly deposits equal to one-sixth of the next interest payment and one-twelfth of the next principal payment. The 1964, 1976 and 2002 water bond issues also require a bond reserve account be established for use in payment of the bonds. The 1964 issue's reserve account needs to be maintained in the amount of \$34,800, while the 1976 bond issue reserve account must maintain a balance of \$21,600. The 1984 bond issue required the amount of \$21,600 be increased to \$41,600. However, the 1984 bond issue was refinanced in July 2002, and the new issue required that this reserve fund continue to be maintained at \$41,600. At or after the 2014 bonds have been issued there shall be transferred from the Construction Account into the Current Sinking Fund an amount estimated to be \$26,000, to provide for capitalized interest during the construction of the Project. All of these reserve accounts must be maintained as long as there are any outstanding bond issues.

Depreciation Reserve

The 1964, 1976 and 2002 water bond issues requires the Estill County Water District No. 1 to accumulate an amount up to \$27,000, to be used for renewals, replacements and/or additions to property, plant and equipment. The 1991 water bond issue series A and B require the District to accumulate an amount up to \$37,200 in the depreciation reserve account, while the 1996 water bond issue requires a balance of \$65,400 be accumulated in a depreciation reserve account. The 2000 water bond issue requires the District to transfer \$455 monthly into a depreciation reserve account for the life of the bond issue. The 2006 water bond issue required the District to transfer \$425 monthly into a depreciation reserve account until there is accumulated a sum of at least \$51,000. Since the 2014 Bond issue is in parity with the 2006 Bond issue those provisions require that an adjustment be made to the Depreciation transfer amount. This amount is to be \$585, paid each month and deposited into the Depreciation Fund until an amount of \$70,200 is accumulated in such Fund. This monthly requirement for the 2006 bond issue is scheduled to start upon completion of the project as certified by the engineers and by RD.

Operations and Maintenance Account

The 1964, 1976 and 1991 water bond issues require the Estill County Water District No. 1 to place 90% of the remaining revenues, after the above mentioned transfers have been made, into an operations and maintenance account to be used for operations and maintenance expenses of the property, plant and equipment. While the 1996, 2000, 2002, 2006 and 2014 water bond issues require the District to set aside out of the remaining revenues an amount equal to two months operations, based on the District's estimated budget.

The Estill County Water District No. 1 is not in substantial compliance with the bond ordinances.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Commissioners
Estill County Water District No. 1
Irvine, Kentucky

We have audited the accompanying statements of financial position of the Estill County Water District No. 1, as of and for the year ended December 31, 2015, and have issued our report thereon dated June 30, 2016. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Estill County Water District No. 1's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Estill County Water District No. 1's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we considered to be material weaknesses.

This report is intended for the information of the audit committee, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Board of Commissioners
Estill County Water District No. 1
Irvine, Kentucky

We have performed the procedure described in the second paragraph of this report, which was agreed to by the Estill County Water District No. 1 and the Public Service Commission of the Commonwealth of Kentucky, solely to assist them in determining whether the electronic submission of certain information agrees with the related hard copy documents. The Estill County Water District No. 1 is responsible for accuracy and completeness of the electronic submission. This agreed-upon procedure agreement was conducted in accordance with the attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedure is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedure described below either for the purpose for which this report has been requested or for any other purpose.

We compared the electronic submissions with the corresponding printed documents. Thus, the result of our performance of our agreed-upon procedures indicate no differences between the electronically submitted information and the hard copy documents.

We were engaged to perform an audit of the financial statements of the Estill County Water District No. 1 as of and for the year ended December 31, 2015, and have issued our report thereon dated June 30, 2016. The information included in the hard copy documents was included within the scope, or was a by-product of that audit. Further, our opinion on the fair presentation of the supplemental financial data templates dated June 30, 2016, was expressed in relation to the basic financial statements of the Estill County Water District No. 1 taken as a whole.

A copy of the financial statement package, which includes the auditor's reports, is available in its entirety from the Estill County Water District No. 1. We have not performed any additional auditing procedures since the date of the aforementioned audit reports. Further, we take no responsibility for the security of the information transmitted electronically to the Public Service Commission of the Commonwealth of Kentucky.

This report is intended solely for the information and use of the Estill County Water District No. 1 and the Public Service Commission of the Commonwealth of Kentucky, and is not intended to be and should not be used by anyone other than these specified parties.
