**INDEPENDENT AUDITOR'S REPORT**

To the Board of Commissioners  
Garrison-Quincy-KY-O-Heights Water District  
Garrison, Kentucky

**Report on the Audit of the Financial Statements**

***Opinions***

We have audited the accompanying financial statements of the business-type activities of the Garrison-Quincy-KY-O-Heights Water District as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Garrison-Quincy-KY-O-Heights Water District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Garrison-Quincy-KY-O-Heights Water District as of December 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Garrison-Quincy-KY-O-Heights Water District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Garrison-Quincy-KY-O-Heights Water District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Garrison-Quincy-KY-O-Heights Water District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Garrison-Quincy-KY-O-Heights Water District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2023, on our consideration of the Garrison-Quincy-KY-O-Heights Water District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Garrison-Quincy-KY-O-Heights Water District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Garrison-Quincy-KY-O-Heights Water District's internal control over financial reporting and compliance.

**GARRISON-QUINCY-KY-O-HEIGHTS WATER DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the years ended December 31, 2022 and 2021**

**NOTE 1: ORGANIZATION AND ACCOUNTING POLICIES**

The Garrison-Quincy-KY-O-Heights Water District was created and organized as a public body corporate in Garrison-Quincy-KY-O-Heights, Kentucky, pursuant to Chapter 74 of the Kentucky Revised Statutes, by the Garrison-Quincy-KY-O-Heights Fiscal Court to operate a water distribution system and wastewater services. The District is regulated by the Kentucky Public Service Commission.

**The Reporting Entity**

The District, for financial purposes, includes all of the funds relevant to the operation of the District. The financial statements presented herein do not include agencies which have been formed under applicable state laws or separate and distinct units of government apart from the Garrison-Quincy-KY-O-Heights Water District.

The financial statements of the District would include those of separately administered organizations that are controlled by or dependent on the District. Control or dependence is determined on the basis of financial interdependency, selection of government authority, designation of management, ability to significantly influence operations, accountability of fiscal matters, scope of public service and financing relations. The entities included in the financial statements are the general operations of the District.

Based on the foregoing criteria there are no other organizations included in these financial statements.

The District, presented as an enterprise fund, does not apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or after November 30, 1989.

**Enterprise Funds**

Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprise where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The accounting and financial reporting treatment applied to the District is determined by its measurement focus. The transactions of the District are accounted for on a flow of economic resources management focus. With the measurement focus, all assets and all liabilities associated with the operations are included on the balance sheet. Net assets (i.e., total assets net of total liabilities) are segmented into invested in capital assets, net of related debt, restricted and unrestricted components. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, and then unrestricted resources as they are needed.

**GARRISON-QUINCY-KY-O-HEIGHTS WATER DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the years ended December 31, 2022 and 2021**

**Note 1: ORGANIZATION AND ACCOUNTING POLICIES**

**Basis of Accounting**

The District maintains its accounting records on the accrual basis during the year. The District's financial statements include the operations of all entities for which the District exercises oversight responsibility. Oversight responsibility includes, but is not limited to financial interdependency, selection of the governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters.

**Inventory**

Inventory is maintained at lower of cost or market.

**Utility Plant**

Utility Plant is stated at original cost. The cost of repairs and maintenance is charged to the proper expense account as incurred. Property replacements are capitalized and retirements are charged to the proper plant account and depreciation provision.

**Depreciation**

Depreciation is applied on the straight-line method over the estimated useful life of the asset, using rates on a straight-line basis determined by reference to Utility Standards Rates (NARUC). The provisions for depreciation in 2022 reflect those standard rates by asset class.

**Unbilled Revenue**

The District records revenue as billed to its customers on monthly meter reading cycle. At the end of each year, water service that has been rendered from the latest date of each meter reading to the year-end is unbilled.

**Power Costs**

The cost of power purchases for pumping water is charged to expense as used.

**Income Tax Status**

The District is a political subdivision created under Kentucky Revised Statutes 74.012, and as such, is exempt from federal and state income taxes. Accordingly, the financial statement includes no provision for income taxes.

**Cash Flows**

For purposes of the statement of cash flows, the District uses the direct method of reporting net cash flow from operating activities and considers certificates of deposit with a maturity of six months or less to be cash equivalents.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**GARRISON-QUINCY-KY-O-HEIGHTS WATER DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the years ended December 31, 2022 and 2021**

**Net Position**

Net position represents the difference between assets and liabilities in the statement of net assets. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are legal limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, laws or regulations of other governments. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

**NOTE 2: RESTRICTIONS ON CASH**

Restricted Cash Accounts

A. Customer Deposit Account

The District is required to maintain special deposit accounts for customer deposits.

B. Capital Equipment Account

The Capital Equipment Account is being maintained for the purposes of purchasing and maintaining equipment. The District deposits \$2,000 per month into the account.

C. Debt Service Reserve Accounts

Deposits into bond and Interest Sinking Fund Account are required to be made monthly in order to accumulate funds for payment of bond principle and interest. The KIA (Kentucky Infrastructure Authority) Loan Account is being maintained for the purposes of accounting for principal and interest payments on the KIA Loan.

D. Depreciation Reserve

The Depreciation Reserve Accounts are being maintained as required in various bond documents. The District was required to deposit \$280 per month into these accounts. The District had a total of \$40,643 in these accounts for the purpose of maintaining the water system. The required balance at December 31, 2022 is \$56,914. This reserve was underfunded by \$16,271.

**GARRISON-QUINCY-KY-O-HEIGHTS WATER DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the years ended December 31, 2022 and 2021**

**NOTE 2: RESTRICTIONS ON CASH (Continued)**

The following is a listing of restricted cash accounts of the District:

Customer Deposit Account	\$	10,225
Capital Equipment Account		15,660
Debt Service Accounts:		
Bond Sinking Fund Account		63,856
KIA Account Loan Account		7,600
Depreciation Reserve:		
Depreciation Account		18,536
Sewer Depreciation Account		22,107
Certificates of Deposit-		
Replacement Reserves		0
Depreciation Fund		<u>0</u>
Total Restricted Cash Accounts	\$	<u>137,984</u>

**NOTE 3: CUSTODIAL CREDIT RISK**

Custodial credit risk is the risk that is the event of a bank failure, the District's deposits may not be returned to it. The District's cash and cash equivalents consist of checking and savings accounts with local banks. The District does have a deposit policy for custodial credit risk. As of December 31, 2022, \$0 of the bank balance was exposed to custodial credit risk as follows:

Uninsured and collateral held by pledging bank      \$0

**NOTE 4: COMPENSATED ABSENCES**

It is the District's policy to permit its employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave because the District does not have a policy to pay any amounts when employees separate from service with the District. The unused vacation or annual leave is considered a vested benefit.

In recognition of the resulting obligation, the District has accrued a liability for earned but unused vacation leave and accrued compensation time, having determined that payment of such compensation is probable and having developed a reasonable estimate based upon current salary costs, annual leave, and compensation time amounts as of December 31, 2022. The liability for compensated absences at December 31, 2022 was \$16,272.

**GARRISON-QUINCY-KY-O-HEIGHTS WATER DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the years ended December 31, 2022 and 2021**

**NOTE 5: LONG-TERM DEBT**

**A. Waterworks Revenue Series A and Series B 1987**

On April 22, 1987, the District entered into an agreement with Rural Development to issue \$300,000 in Waterworks Revenue Bonds for the purpose of financing the cost of the construction of extensions, additions, and improvements to the existing waterworks system of the District. The Waterworks System Bond Issue consisted of Series A and B bonds.

Series A was issued in the amount of \$250,000 and Series B, in the amount of \$50,000. Semiannual interest payments at a rate of 6.375% for Series A and 5.875% for Series B are required on January 1 and June 1 with principal amount due each January 1. As of December 31, 2022 the principal balance outstanding was \$81,000 on Series A and \$14,100 on Series B. Debt Service requirements for year ending December 31, 2022, and thereafter is as follows:

*Waterworks Revenue Bond Series A 1987:*

<u>Year Ended</u> <u>December 31</u>	<u>Principal</u>	<u>Interest and Fees</u>
2023	14,000	4,718
2024	15,000	3,793

**NOTES TO FINANCIAL STATEMENTS**  
For the years ended December 31, 2022 and 2021

**C. Waterworks Revenue Series 2002**

On June 3, 2002, the District entered into an agreement with Rural Development to issue \$356,000 in Waterworks Revenue Bonds for the purpose of financing the cost of the construction extensions, additions, and improvements to the existing waterworks system of the District.

Semiannual interest payments at a rate of 4.5% are required on January 1 and June 1 with principal amount due each January 1. As of December 31, 2022, the principal balance outstanding was \$255,000. Debt Service requirements for year ending December 31, 2022, and thereafter is as follows:

*Waterworks Revenue Series 2002*

Year Ended December 31	Principal	Interest and Fees
2023	8,000	11,295
2024	9,000	10,913
2025	9,000	10,508
2026	9,000	10,103
2027	10,000	9,675
2028-2032	56,000	41,175

**E. KIA Assistance Loan**

On April 1, 2015, the District entered into construction loan agreement with the Kentucky Infrastructure Authority (KIA) to finance upgrades to be made to the District's processing plant in the amount of \$821,721. The loan also included principal forgiveness in the amount of \$205,430 to be given the first two years of the agreement. Semiannual principal and interest payments are required beginning June 1, 2017. Interest is calculated at a rate of .75% for the term of the loan. As of December 31, 2022, the principal balance outstanding was \$440,992.

*KIA Assistance Loan*

Year Ended December 31	Principal	Interest and Fees

**NOTES TO FINANCIAL STATEMENTS**  
**For the years ended December 31, 2022 and 2021**

**7. RETIREMENT PLAN**

The Garrison-Quincey-Ky-O-Heights Water District is a participating employer of the County Employees' Retirement System (CERS). Under the provisions of Kentucky Revised Statute 61.645, the Board of Trustees of Kentucky Retirement Systems administers the CERS. The plan issues publicly available financial statements which may be downloaded from the Kentucky Retirement Systems website.

*Plan Description-* CERS is a cost-sharing multiple- employer defined benefit pension plan that covers substantially all regular full-time members employed in positions of each participating county, city, and school board, and any additional eligible local agencies electing to participate in the System. The plan provides for retirement, disability, and death benefits to plan members. Retirement benefits may be extended to beneficiaries of plan members under certain circumstances. Cost-of- living (COLA) adjustments are provided at the discretion of state legislature.

*Contributions-* For the year ended December 31, 2022, plan members were required to contribute 5.00% of wages for non-hazardous job classifications. Employees hired after September 2008 are required to contribute an additional 1% to cover the cost of medical insurance that is provided through CERS. Participating employers are required to contribute at an actuarially determined rate. Per Kentucky Revised Statute Section 78.545 (33), normal contribution and past service contribution rates shall be determined by the Board on the basis of an annual valuation last proceeding the July 1 of a new biennium. The Board may amend contribution rates as of the first day of July of the second year of a biennium, if it is determined on the basis of a subsequent actual valuation that amended contribution rates are necessary to satisfy requirements determined in accordance with actuarial basis adopted by the Board. For the year ended December 31, 2022, participating employers contributed 26.95%, of each non-hazardous employee's wages, which is equal to the actuarially determined rate set by the Board. The contributions are allocated to both the pension and insurance trust. The insurance trust is more fully described in Note 8. Plan members contributed 26.95% to the pension trust through June 30<sup>th</sup> and 26.79%, thereafter for non-hazardous job classifications for the year ended December 31, 2022. Administrative costs of Kentucky Retirement System are financed through employer contributions and investment earnings.

Plan members who began participating on, or after, January 1, 2014, are required to contribute to the Cash Balance Plan. The Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan. Members in the plan contribute a set percentage of their salary each month to their own account. Plan members contribute 5.00% of wages to their own account and 1% to the health insurance fund. The employer contribution rate is set annually by the Board based on an actuarial valuation. The employer contributes a set of percentage of each member's salary. Each month, when employer contributions are received, an employer pay credit is deposited to the member's account. For non-hazardous members, their account is credited with a 4% employer pay credit. The employer pay credit represents a portion of the employer contribution.

For the year ended December 31, 2022, the District contributed \$51,998 or 100% of the required contribution for non-hazardous job classifications. Benefits- CERS provides retirement, health insurance, death and disability benefits to Plan employees and beneficiaries. Employees are vested in the plan after five years' service.

**GARRISON-QUINCEY-KY-O-HEIGHTS WATER DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the years ended December 31, 2022 and 2021**

**7. RETIREMENT PLAN (CONTINUED)**

For retirement purposes, employees are grouped into three tiers based on hire date:

Tier 1	Participation date	Before September 1, 2008
	Unreduced retirement	27 years service of 65 years old and 4 years service
	Reduced retirement	At least 5 years service and 55 years old or 25 years service and any age
Tier 2	Participation date	September 1, 2008- December 31, 2013
	Unreduced retirement	At least 5 years service and 65 years old Or age 57+ and sum of service years plus age equal to 87+
	Reduced retirement	At least 10 years service and 60 years old
Tier 3	Participation date	After December 31, 2013
	Unreduced retirement	At least 5 years service and 65 years old or Age 57+ and sum of service years plus age equal to 87+
	Reduced Retirement	Not Available

Cost of living adjustments are provided at the discretion of the General Assembly. Retirement is based on a factor of the number of years' service and hires date multiplied by the average of the highest 5 years' earnings. Reduced benefits are based on factors of both of these components. Participating employees become eligible to receive the health insurance benefit after at least 180 months of service. Death benefits are provided for both death after retirement and death prior to retirement. Death benefits after retirement are \$5,000 in lump sum. Five years' service is required for death benefits prior to retirement and the employee must have suffered a duty-related death. The decedent's beneficiary will receive the higher of the normal death benefit and \$10,000 plus 25% of the decedent's monthly final rate of pay and any dependent children will receive 10% of the decedent's monthly final rate of pay up to 40% for all dependent children. Five years' service is required for non-service-related disability benefits.

*Pension Liabilities, Expense, Deferred Outflows of Resources and Deferred Inflows of Resources-* At December 31, 2021, the District reported a liability of \$596,755 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021 and was rolled forward using generally accepted actuarial procedures. The District proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2022, the District's proportion was .008255 percent, which was a decrease of .00004 percent from its proportion measured as of June 30, 2021.

For the year ended December 31, 2022, the District recognized pension expense of \$60,747. At December 31, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**GARRISON-QUINCEY-KY-O-HEIGHTS WATER DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the years ended December 31, 2022 and 2021**

**7. RETIREMENT PLAN (CONTINUED)**

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual results	\$ 638	\$ 5,314
Changes of Assumptions	-	-
Net difference between projected and actual earnings on Plan Investments	15,298	-
Changes in proportion and differences between District contributions and proportionate share of contributions	1,097	37,856
District contributions subsequent to the measurement date	25,999	-
Total	<u>\$ 43,032</u>	<u>\$ 43,170</u>

The \$25,999 of deferred outflows of resources resulting from the District's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

<b>Year ending December 31,</b>	
2023	\$ (28,237)
2024	\$ (9,837)
2025	\$ (5,015)
2026	\$ 16,953

*Actuarial Assumptions-* The total pension liability in the June 30, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.30%
Salary increases	3.30% to 10.30%, average, including inflation
Investment rate of return	6.25%, net of Plan investment expense, including inflation

The mortality table used for active members was a Pub-2010 General Mortality table, projected with the ultimate rates from the MP- 2014 mortality improvement scale using a base year of 2010. The mortality table used for healthy retired members was a system- specific mortality table based on mortality experience from 2013-2018, projected with the ultimate rates from MP- 2014 mortality improvement scale using a base year of 2020. The mortality table used for the disabled members was PUB-2010 Disabled Mortality table, with a 4- year set-forward for both male and female rates, projected with the ultimate rates from the MP-2014 mortality improvement scale using a base year of 2010.

The actuarial assumption used in the June 30, 2022 valuation was based on the results of an actuarial experience study for the period July 1, 2013- June 30, 2018. The total pension liability was rolled-forward from the valuation date (June 30, 2021) to the plan's fiscal year ending June 30, 2022.

The long-term expected rate of return was determined by using a building-block method in which best estimate ranges of expected future real rate of returns are developed for each asset class. The ranged are combined by weighting the expected future real rate of return by the target asset allocation percentage. The target allocation and best estimates of arithmetic real rate of return for each major asset class are summarized in the following table:

**GARRISON-QUINCEY-KY-O-HEIGHTS WATER DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
For the years ended December 31, 2022 and 2021

**7. RETIREMENT PLAN (CONTINUED)**

Asset Class	Target Allocation	Long –Term Expected Real Rate of Return
<b>Growth</b>	<b>62.50%</b>	
US Equity	18.75%	4.30%
Non US Equity	18.75%	4.80%
Private Equity	10.00%	6.65%
Special Credit/ High Yield	15.00%	2.60%
<b>Liquidity</b>	<b>14.50%</b>	
Core Bonds	13.50%	1.35%
Cash	1.00%	0.20%
<b>Diversifying Strategies</b>	<b>23.00%</b>	
Real Estate	5.00%	4.85%
Opportunistic	3.00%	2.97%
Real Return	15.00%	4.10%
<b>Total</b>	<b>100%</b>	<b>6.25%</b>

*Discount Rate-* The discount rate used to measure the total pension liability was 6.25 percent. The projection of cash flows used to determine the discount rate assumed that local employers would contribute funds as required by the current funding policy established in Statute as last amended by House Bill 362 (passed in 2018). The discount rate determination does not use a municipal bond rate.

*Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate-* The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.25 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1- percentage-point lower (5.25 percent) or 1- percentage- point higher (7.25 percent) than the current rate:

	Discount rate	District's proportionate share of net pension liability
1% decrease	5.25%	\$745,870
Current discount rate	6.25%	\$596,755
1% increase	7.25%	\$473,425

*Payable to the Pension Plan-* The district reported a payable of \$5,565.42 as of December 31, 2022, for the outstanding amount of contributions to the pension plan required for the year then ended. The payable includes both the pension and insurance contribution allocation.

**GARRISON-QUINCEY-KY-O-HEIGHTS WATER DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the years ended December 31, 2022 and 2021**

**8. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)**

*Plan Description-* As more fully described in Note 7, the District participates in the County Employees' Retirement System (CERS). CERS is a cost sharing multiple-employer defined benefit pension plan that covers substantially all regular full-time members employed in positions of each participating county, city, and school board, and any additional eligible local agencies electing to participate in the System. In addition to retirement benefits, the plan provides for health insurance benefits to plan members (other postemployment benefits or OPEB). OPEB benefits may be extended to beneficiaries of plan members under certain circumstances.

*Contributions-* As more fully described in Note 7, plan members contribute to CERS for non-hazardous job classifications. For the year ended December 31, 2021, the employer's contribution was 5.2% through June 30<sup>th</sup> and 4.76% thereafter to the insurance trust for non-hazardous job classifications. Employees hired after September 1, 2008, are required to contribute an additional 1% to cover the cost of medical insurance that is provided through CERS. Participating employers are required to contribute at an actuarially determined rate. Per Kentucky Revised Statute Section 78.545(33), normal contribution and past service contribution rates shall be determined by the Board on the basis of an annual valuation last proceeding the July 1 of a new biennium. The Board may amend contribution rates as of the first day of July of the second year of a biennium, if it is determined on the basis of a subsequent actuarial valuation that amended contribution rates are necessary to satisfy requirements determined in accordance with actuarial bases adopted by the Board. The contribution rates are equal to the actuarially determined rate set by the Board. Administrative costs of Kentucky Retirement System are financed through employer contributions and investment earnings.

For the year ended December 31, 2022, the District contributed \$10,533, or 100% of the required contribution for non-hazardous job classifications.

*Benefits-* CERS provides health insurance benefits to Plan employees and beneficiaries.

For retirement purposes, employees are grouped into three tiers based on hire date:

	Tier 1	Participation date Insurance eligibility Benefit	Before July 1, 2003 10 years of service credit required Set percentage of single coverage health insurance based on service credit accrued at retirement
annually	Tier 1	Participation date Insurance Eligibility Benefit	Before September 1, 2008 but after July 1, 2003 15 years of service credit required Set dollar amount based on service credit accrued, increased
annually	Tier 2	Participation date Insurance Eligibility Benefit	After September 1, 2008 and before December 31, 2013 15 years of service credit required Set dollar amount based on service credit accrued, increased
annually	Tier 3	Participation date Insurance Eligibility Benefit	After December 31, 2013 15 years of service credit required Set dollar amount based on service credit accrued, increased

**GARRISON-QUINCEY-KY-O-HEIGHTS WATER DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**For the years ended December 31, 2022 and 2021**

**8. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (CONTINUED)**

*OPEB Liabilities, Expense, Deferred Outflows of Resources and Deferred Inflows of Resources-* At December 31, 2022, the District reported a liability for its proportionate share of the net OPEB liability of \$162,874. The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2021 and was rolled forward using generally accepted actuarial procedures. The District's proportion of the net OPEB liability was based on a projection of the District's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating entities, actuarially determined. The District's proportionate share at June 30, 2022 was .008253% percent, which was an decrease of .00041 percent from its proportion measured as of June 30, 2021.

For the year ended December 31, 2022, the District recognized OPEB expense of \$9,519. At December 31, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual results	\$ 16,395	\$ 37,351
Changes of Assumptions	25,760	21,226
Net difference between projected and actual earnings on Plan Investments	6,611	-
Changes in proportion and differences between District contributions and proportionate share of contributions	2,507	17,021
District contributions subsequent to the measurement date	4,760	-
<b>Total</b>	<b>\$ 56,033</b>	<b>\$ 75,598</b>

The \$4,760 of deferred outflows of resources resulting from the District's contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending December 31, 2022. This includes an adjustment of \$5,269 related to the implicit subsidy, which is required to be recognized as a deferred outflow of resources. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in expense as follows:

Year ending December 31,	
2023	\$ (4,207)
2024	\$ (4,739)
2025	\$ (14,674)
2026	\$ (705)
2027	\$ -

*Actuarial Assumptions-* The total OPEB liability in the June 30, 2022, actuarial validation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

<b>Total</b>	<b>100%</b>	<b>6.25%</b>

*Discount Rate-* the discount rate used to measure the total OPEB liability was 5.70% for non-hazardous classifications. The projection of cash flows used to determine the discount rate assumed that local employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 24-year amortization period of the unfunded actuarial accrued liability. As of June 30, 2022, the discount rate determination used an expected rate of return of 6.70%, and a municipal bond rate of 3.13% as reported in Fidelity Index's "20-Year Municipal GO AA Index". As of June 30, 2022, the discount rate determination used an expected rate of return of 6.70%, and a municipal bond rate of 3.62%, as reported in Fidelity Index's "20-Year Municipal GO AA Index". However, the cost associated with the implicit employer subsidy was not included in the calculation of the System's actuarial determined contributions, and any cost associated with the implicit subsidy will not be paid out of the System's trusts. Therefore, the municipal bond rate was applied to future expected benefit payments associated with the implicit subsidy.

*Sensitivity of the District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate-* The following presents the District's proportionate share of the net OPEB liability calculated using the discount rate as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1- percentage- point lower or 1-percentage- point higher than the current rate:

	Discount rate	Proportionate share of net OPEB liability
1% decrease	4.70%	\$217,737
Current discount rate	5.70%	\$162,874
1% increase	6.70%	\$117,521

**NOTES TO FINANCIAL STATEMENTS**  
**For the years ended December 31, 2022 and 2021**

**NOTE 9: RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In addition to its general liability insurance, the district also carries commercial insurance for all other risks of loss such as worker's compensation and employee health and accident coverage. The District is a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of a collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

**NOTE 10: CONTINGENCIES**

The District had elected to be recognized as a reimbursing employer for state unemployment compensation purposes. Accordingly, the District will become liable for direct payment of unemployment benefits as they become due.

**NOTE 11: SUBSEQUENT EVENTS**

Subsequent events have been evaluated through the date of this report and nothing came to attention that should be disclosed.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING*  
*STANDARDS*

To the Board of Commissioners  
Garrison-Quincy-KY-O-Heights Water District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards, applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of Garrison-Quincy-KY-O-Heights Water District as of and for the year ended December 31, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the Garrison-Quincy-KY-O-Heights Water District, Kentucky's basic financial statements and have issued our report thereon dated June 29, 2023.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Garrison-Quincy-KY-O-Heights Water District, Kentucky's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Garrison-Quincy-KY-O-Heights Water District, Kentucky's internal control. Accordingly, we do not express an opinion on the effectiveness of the Garrison-Quincy-KY-O-Heights Water District, Kentucky's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Garrison-Quincy-KY-O-Heights Water District, Kentucky's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
