INDEPENDENT AUDITOR'S REPORT

Chairman and Commissioners McKinney Water District McKinney, Kentucky 40448

Report on the Financial Statements

I have audited the accompanying financial statements of the business-type activities of the McKinney Water District as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the comptroller general of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the McKinney Water District, as of December 31, 2014, and the changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated March 23, 2015, on my consideration of the District's internal control over financial reporting and my tests of compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of the audit performed in accordance with *Government Auditing Standards* in considering the McKinney Water District's internal control over financial reporting and compliance.

Danville, Kentucky March 23, 2015

The management of the McKinney Water District presents this narrative to help our readers review the accompanying annual financial statements for the year ended December 31, 2014. We have prepared this overview and analysis of the District's financial activities to add additional information to the financial schedules and the note disclosures. Our analysis will examine the financial highlights for this fiscal year and help explain the format for our readers.

Financial Highlights

- As of December 31, 2014, the District's assets (page 8) exceeded liabilities by \$1,527,778. This amount includes \$835,166 of resources that are invested in capital assets, net of related debt. \$282,971 of these resources are restricted for debt service, customer deposit refunds, or by enabling legislation. \$409,641 of these resources are unrestricted and are available to fund the District's outstanding obligations and future programs.
- Unrestricted cash and certificate of deposit balances (page 7) as of December 31, were \$305,024 and current liabilities payable from unrestricted resources (i.e. excluding principal and interest on long term debt and customer deposits) were \$48,640.
- Net position decreased by \$13,990 (page 9). In the prior year, net position increased by \$131,515. The increase in the prior year compared to the decrease this year can be attributed to the District receiving grants to fund certain construction activities. The District incurred an operating loss of \$43,124 this year compared to an operating income of \$12,231 in the prior year. This decline is mainly attributed to the fact that the District's water losses exceeded 29% in the current year versus approximately 20% in the prior year.
- The District's total debt decreased \$31,800 for the year ended December 31, 2014 equal to the scheduled payments for the year.

Overview of the Financial Statements

This discussion and analysis is intended to introduce the District's financial statements. Basic financial statements include two major sections: 1) government-wide financial statements, and 2) notes to the financial statements.

The McKinney Water District is a special-purpose governmental entity. It utilizes the accrual basis of accounting applicable to all *proprietary fund types*. Revenues are recognized when earned regardless of when received and expenses are recognized when incurred regardless of when paid.

Notes to the Financial Statements

Notes provide additional information that is essential to a full understanding of the information included in the financial schedules. Notes provide additional details about the balances and transactions in the District's financial statements and are presented on pages 14 through 19.

Government-wide Financial Analysis

Net position may serve over time as a useful indicator of a government's financial position. 55% of the District's net position reflects its investment in capital assets (e.g. distribution system, equipment, etc), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to its customers; consequently these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. 19% of the District's

net position is restricted for customer deposit refunds, debt service, and system maintenance. The remaining 26% of the District's net position is unrestricted.

The first statement in the government-wide statements is the Statement of Net Position. Let's review some of the more important issues in this statement. The following table summarizes the Statement of Net Position (pages 7-8).

	2014	2013		
Current and other assets	\$ 824,869	\$ 942,106		
Capital assets	1,844,966	1,794,022		
Total assets	2,669,835	2,736,128		
Long-term debt outstanding	977,000	1,009,800		
Other liabilities	165,057	184,560		
Total liabilities	1,142,057	1,194,360		
Net position: Invested in capital assets, net of related debt	835,166	752,422		
Restricted	282,971	338,388		
Unrestricted (deficit)	409,641	450,958		
Total Net Position	\$ 1,527,778	\$ 1,541,768		

The second statement in the government-wide statements is the Statement of Revenues, Expenses, and Changes in Net Position. The following table outlines the major components of this statement.

		2014		2013	
Revenues:					
Charges for services	\$	783,203	\$	725,135	
Grants and contributions		67,482		157,784	
Rental Income		3,600		-	
Interest earnings		1,708		1,890	
Miscellaneous		21,986		20,610	
Total Revenues		877,979		905,419	
Expenses:					
Operating expenses, excluding depreciation		749,881		632,512	
Depreciation		102,032		100,002	
Interest and amortization		40,056		41,390	
Total Expenses		891,969		773,904	
Increase (decrease) in net position	s	(13,990)	\$	131,515	

The District experienced water losses in excess of 30% for the fiscal years ended December 31, 2010 and 2011. This high rate of water loss was a primary contributor to the large decrease in net assets over these two years. However, in 2012, the District took measures to address the high water loss percentages and was very successful in bringing the losses down considerably. In fact, the water loss percentage for 2012 and 2013 was 18% and 20%, respectively. However, during the fiscal year ended December 31, 2014, the water loss percentages increased again to just over 29% for the year.

Capital Asset and Debt Administration

The District invests substantial resources in capital assets that support the services provided to its customers. All of the District's outstanding debt has been used to acquire or construct capital assets.

Capital Assets

The District's capital assets, net of accumulated depreciation are summarized below:

Land and right of ways	\$ 18,044
Distribution system	1,531,502
Office furniture and fixtures	4,466
Buildings and improvements	8,211
Capitalized design and interest costs	279,143
Construction in process	 3,600
Total, net of depreciation	\$ 1,844,966

Long Term Debt

The principal outstanding on the District's long-term debt is summarized in the following table.

	Total		
RDA 1992 Series C Bond	\$	19,500	
RDA 1992 Series D Bond		372,000	
RDA 1999 Series A Bond		104,400	
RDA 1999 Series B Bond		72,400	
RDA 2000 Series A Bond		441,500	
Total	\$	1,009,800	

The District's outstanding debt decreased \$31,800 for the year equal to the amount of the scheduled payments.

Economic Factors for Next Year

During the year ended December 31, 2005, the District was granted a rate increase of approximately 23% by the Kentucky Public Service Commission in order to return to profitability and build its reserves to fund future capital projects. During the three fiscal years ended December 31, 2006, 2007, and 2008, the District made some much needed line repairs which resulted in lowered water losses and thus an increase in net income. During the year ended December 31, 2009, unusually high repair and contract labor expenses prevented the District from achieving a net asset increase. Also, during the fiscal year ended December 31, 2010, increased water losses prevented the District from achieving a net asset increase. Furthermore, due to high volumes of water loss, the District did not achieve a net asset increase for the fiscal year ended December 31, 2011. However, as stated previously, the District made tremendous progress during the fiscal years ended December 31, 2012, and 2013 in getting their water losses under control and as a result the District experienced an increase in its net assets for these years. However, in 2014, water loss percentages increased to levels as seen in years prior to 2012 which resulted in a net loss from operations of \$43,124. Going forward, the District will continue to monitor its water losses and take the necessary action to keep them at an acceptable level.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide customers and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's office, McKinney, KY 40448, telephone number (606) 346-2220.

1. GENERAL

McKinney Water District, (the "District") is a governmental entity operated under the control of the Lincoln County Fiscal Court. The District provides water services to the rural sections of Lincoln and Casey counties.

Prior to December of 1992, the District operated as two separate legal entities: the McKinney Water Association, Inc. and the McKinney Water District. In December of 1992, pursuant to and order of the Public Service Commission of the Commonwealth of Kentucky, the District was merged with the Association, and the District annexed the territory of the Association. The District also assumed all rights and obligations of the Association.

2. <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

- A. The District uses the accrual method of accounting which focuses on the measurement of net income similar to the approach used by commercial enterprises, and revenues are recorded when earned and expenses are recorded when incurred. The District distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's ongoing operations. The principal operating revenues of the utility are charges to customers for water service. Also, the District recognizes as operating revenue, the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.
- B. Cash includes amounts in demand deposits only.
- C. Investments consist of certificates of deposit only and are stated at cost which approximates fair value.
- D. Receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. All receivables in excess of 90 days old comprise the accounts receivable allowance for uncollectibles.
- E. Property and equipment are stated at cost, and are depreciated over the estimated useful life of the asset using the straight-line method of depreciation. Transmission lines are being depreciated over a 33 year life; office furniture and equipment over lives of 5 to 10 years, and buildings and improvements over a 20 year life. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed.
- F. Material inventory is stated at cost using the first-in, first-out (FIFO) method.
- G. Prepaid items include payments made to vendors that will benefit periods beyond the end of the fiscal year.
- H. Restricted assets represent cash for which use is limited by certain applicable bond covenants.

- I. Deferred expenses include bond issuance costs which are amortized over the life of the bonds using the straight-line method.
- J. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make use of estimates that affect reported amounts in the financial statements. Actual results could differ from estimates.

3. CASH & INVESTMENTS

Cash is composed of the following as of December 31, 2014, and 2013, with restriction for use noted:

		2014		2013
Cash on Hand		\$ 12	0 \$	120
Cash on Deposit - Operating Account	А	142,01	6	102,396
Cash on Deposit - Revenue Account	В	109,48	7	178,916
Cash on Deposit - Customer Deposits	С	55,34	3	48,541
Cash on Deposit - Construction Account	D		-	5,000
Savings Accounts:				
Debt Service Account	Е	134,90	5	134,118
Depreciation Reserve Account	F	3,23	0	53,962
TOTAL		\$ 445,10	<u>1</u> <u>\$</u>	523,053

The District's investments at December 31, 2014 are as follows:

Type of Investment		Fa	air Value	 Cost	Interest Rate	Maturity Date
PBK Bank Certificates of Deposit:						
CD - Revenue	В	\$	53,401	\$ 53,401	0.60%	03/12/15
CD - Customer Deposits	С		106,801	106,801	0.60%	03/12/15
CD - Depreciation Reserve	F		106,801	 106,801	0.60%	03/12/15
Total Certificates of Deposit		\$	267,003	\$ 267,003		

The cash and certificate of deposit balances are insured for \$250,000 by the FDIC at December 31, 2014 and 2013. Deposits in excess of \$250,000 have been collateralized by the bank as of December 31, 2014 and 2013.

- (A) The operating and maintenance account, required by the RDA bond resolution, is used to meet the current expenses of operating and maintaining the system.
- (B) The revenue account, required by the RDA bond resolution, is used for the deposit of all funds collected and for the disbursement of funds to the proper bank accounts.
- (C) The customer deposit account is used to account for deposits received from customers.
- (D) The construction account is utilized by the District to account for receipts and disbursements of various construction projects as needed.

- (E) The district is required to transfer monthly to the debt service account that amount which is necessary to meet the semi-annual installments for principal and interest on the RDA bonds outstanding.
- (F) The district is required to transfer \$600 monthly to the reserve account until \$62,880 is accumulated in the fund. The use of such fund is restricted to paying the cost of repairing or replacing, making extension or improvements or when necessary for payment of principal and interest. Whenever payments are made from the fund, the monthly payment shall be resumed until the balance again reaches \$62,880. Once the balance in this account is fully funded, monthly transfers are then at the option of the District. The account is fully funded as of December 31, 2014 and 2013.

4. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2014 was as follows:

	 Beginning Balance	I	ncreases	Decreases	_	Ending Balance
Land and Land Rights	\$ 18,043	\$	-	\$ -	\$	18,043
Transmission Lines	2,624,575		-	-		2,624,575
Services	116,142		-	-		116,142

5. LONG-TERM DEBT

The District issues bonds and pledges income derived from the acquired or constructed assets to pay debt service.

The District's debt at December 31, 2014 consists of the following:

USDA (Rural Development) - \$78,600 Principal amount Series C bonds dated 1992 due in annual installments of \$1,600 to \$5,300 through 2018. Interest is due semi-annually at a rate of 5% on the unpaid balance as of January 1, and July 1 of each year.	\$ 19,500
USDA (Rural Development) - \$537,000 Principal amount Series D bonds dated 1992 due in annual installments of \$5,700 to \$29,000 through 2032. Interest is due semi-annually at a rate of 5% on the unpaid balance as of January 1, and July 1 of each year.	372,000
USDA (Rural Development) - \$130,000 Principal amount Series A bonds dated 1999 due in annual installments of \$1,400 to \$6,900 through 2038. Interest is due semi-annually at a rate of 3.25% on the unpaid balance as of January 1, and July 1 of each year.	104,400
USDA (Rural Development) - \$90,000 Principal amount Series B bonds dated 1999 due in annual installments of \$900 to \$4,700 through 2038. Interest is due semi-annually at a rate of 3.25% on the unpaid balance as of January 1, and July 1 of each year.	72,400
USDA (Rural Development) - \$550,000 Principal amount Series 2000 bonds dated 2000 due in annual installments of \$7,500 to \$24,500 through 2040. Interest is due semi-annually at a rate of 3.25% on	
the unpaid balance as of January 1, and July 1 of each year.	 441,500
Total Outstanding Bonds	 1,009,800
LESS: Current Portion	 (32,800)
Long-Term Debt	\$ 977,000

The annual requirements to amortize all bonds outstanding as of December 31, 2014 are as follows:

Year Ending December 31,	Principal	Interest	Total
Determoer 51,	1 meipai	Interest	10101
2015	\$ 32,800	39,670	\$ 72,470
2016	34,600	38,298	72,898
2017	36,600	36,846	73,446
2018	37,200	35,306	72,506
2019	33,600	33,742	67,342
2020-24	192,400	146,738	339,138
2025-29	236,000	103,718	339,718
2030-34	226,400	51,940	278,340
2035-39	155,700	18,772	174,472
2040	24,500	796	25,296
Total	\$ 1,009,800	\$ 505,826	\$ 1,515,626

Long-term liability activ	vity for the year of	ended December 31.	2014 was as follows:
---------------------------	----------------------	--------------------	----------------------

	Beginning Balance	Increases	Reductions	Ending Balance	Due Within One Year
RDA 1992 Series C Bond	\$ 23,800	\$ -	\$ (4,300)	\$ 19,500	\$ 4,500
RDA 1992 Series D Bond	385,000	-	(13,000)	372,000	13,000
RDA 1999 Series A Bond	106,800	-	(2,400)	104,400	2,500
RDA 1999 Series B Bond	74,000	-	(1,600)	72,400	1,800
RDA 2000 Series A Bond	452,000		(10,500)	441,500	11,000
Long-term Debt Total	\$ 1,041,600	<u>\$</u>	<u>\$ (31,800)</u>	\$ 1,009,800	\$ 32,800

6. RISK MANAGEMENT

The District is exposed to a variety of accidental losses, and has attempted to minimize its risk by carrying commercial insurance. There have been no significant reductions in coverage from coverage in the prior year.

7. OTHER MATTERS

(A) The District has not been assessed or paid any property, intangible or franchise tax in prior years. Since there is some uncertainty about the taxability of a "water district", the financial statements do not reflect any liability for unpaid taxes, if any.

	2014	2013
(B) Active Meter Customers – December 31,	1,832	1,841
(C) Water Loss:		
Water Purchases – Gallons	129,577,700	109,711,200
Water Sold and Used in Operations	91,018,200	87,142,400
Line Loss	38,559,500	22,568,800
Percentage of Line Loss	29.76%	20.57%

(D) Customer accounts receivable aging at December 31, 2014 is as follows:

Current	\$ 58,015
30-59 Days	(2,193)
60-89 Days	877
Over 90 Days	 47,290
	\$ 103,989

(E) Accounts Receivable is comprised of the following as of December 31, 2014:

Customers	\$ 103,989
Allowance for Bad Debts	 (47,290)
	\$ 56,699

All accounts receivable 90 days and older have been included in the allowance for uncollectible accounts.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Chairman and Commissioners McKinney Water District McKinney, KY

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities of the McKinney Water District as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the McKinney Water District's basic financial statements and have issued my report thereon dated March 23, 2015.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the District's internal control.

My consideration of the internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described below, I identified certain deficiencies in internal control that I consider to be material weaknesses and/or significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. I consider the following deficiency to be a material weakness.

1. As is common within the system of internal control of most small organizations, the accounting function of the McKinney Water District does not prepare the financial statements complete with footnotes in accordance with accounting principles generally accepted in the United States of America (GAAP). Accordingly, the District has not established internal controls over the preparation of its financial statements. This condition is considered to be a material weakness of the District's system of internal control over financial reporting.

During the course of performing an audit, it is not unusual for the auditor to prepare various journal entries to present the financial statements in accordance with the GAAP basis of accounting. This reliance on the auditor to perform this function is considered to be a material weakness in the system of internal control. SAS No. 115 does not make exceptions for reporting deficiencies that are adequately mitigated with non-audit services rendered by the auditor or deficiencies for which the remedy would be cost prohibitive.

Communication of the control deficiency above helps to emphasize that the responsibility for financial reporting rests entirely with the District and not the auditor. Stated another way, if an organization is unable to issue, without the auditor's involvement, complete financial statements with footnotes in accordance with generally accepted accounting principles and free of material misstatement, that inability is a symptom of a significant deficiency in the system of internal control.

<u>Management's response</u> – Management engages consultants who possess industry knowledge and expertise to provide financial and other professional services. Based on the auditor's unqualified opinion and after reading the financial statements, management believes the financial statements to be materially correct. Further, management does not think that the addition of an employee or consultant to oversee the annual financial reporting process is necessary nor would it be cost effective.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

The District's Response to Findings

The District's response to the findings identified in my audit is described above. I did not audit the District's response and, accordingly, express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
