Other Supplementary Information:	
Statement of Revenues, Expenses, and Changes in Net Position-Budget vs. Actual	15
Notes to the Required Supplementary Information	16

INDEPENDENT AUDITOR'S REPORT

Members of the Peaks Mill Water District Board Frankfort, Kentucky 40601

Opinions

We have audited the accompanying financial statements of the governmental activities, and each major fund, of the Peaks Mill Water District, as of and for the years ended December 31, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Peaks Mill Water District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund, of the Peaks Mill Water District, as of December 31, 2023 and 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Peaks Mill Water District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Peaks Mill Water District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

• Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or ertor, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Peaks Mill Water District's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the Peaks Mill Water District's ability to continue as a going concern for
 a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 9, 2024, on our consideration of the Peaks Mill Water District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Peaks Mill Water District Board's internal control over financial reporting and compliance.

Peaks Mill Water District

Management's Discussion & Analysis

As financial management of the Peaks Mill Water District (the "District"), we of fer readers of these financial statements this narrative and analysis of the financial activities of the District for calendar years ended December 31, 2023 and 2022. The discussion and analysis is designed to assist the reader in focusing on the significant financial issues and activities and to identify any significant changes in financial position. We encourage readers to consider the information presented here in conjunction with the financial statements as a whole.

Financial Highlights

Change in net position produced a decrease in 2023 net position of (\$188,523), compared to a 2022 decrease in net position of (\$243,780). The term "net position" refers to the difference between assets and liabilities. At the close of calendar year 2023, the District had a net position of \$3,161,080, compared to \$3,349,603 at the close of 2022.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's financial statements, which is comprised of the basic financial statements and the notes to the financial statements. Since the District is comprised of a single enterprise fund, no fund level financial statements are shown. This report also contains other supplementary information concerning the District's budget to actual revenues and expenses.

Basic Financial Statements

The basic financial state ments are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statements of net position present information on all the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Net position increases when revenues exceed expenses. Increases to assets without a corresponding increase to liabilities, results in an increase in net position, which indicates an improved financial position.

The statement of revenues, expenses and changes in net position present information showing how the District's net position has changed during the fiscal year. All changes in net position are reported as soon as the underlying event occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Notes of the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information concerning the District's budget to actual revenues and expenses.

Peaks Mil Water District

Management's Discussion & Analysis (continued)

Financial Analysis

Net position may serve, over time, as a useful indicator of the District's financial position. In the case of the District's net position, assets exceeded liabilities by \$3,161,630 and \$3,349,603, the close of fiscal years 2023, and 2022 respectively. This represents a decrease of \$188,973 over the previous year.

The unrestricted net position for 2023 and 2022 was \$300,092, and \$505,803. The District's net position reflects its investment in capital assets (property, building and equipment). The District uses these capital assets to provide service and consequently these assets are not available to liquidate liabilities or other spending. The following is a schedule of financial analysis of net position and changes in net position:

Peaks Mill Water District

Net Position

	Decemb	er 31, 2023	Decemb	per 31, 2022
Current Assets	\$	376,835	\$	551,767

Management's Discussion & Analysis (continued)

Cash Flows

Net cash provided by operating activities decreased cash by \$58,288 for year end 2023, and \$146,854 for year end 2022. Net cash used in investing decreased cash by \$109,649 for 2023 and decreased cash by \$79,891 for 2022, and net cash used by capital and related financing activities decreased cash by \$57,150 in 2023, and decreased cash by \$56,486 in 2022, mainly due to payments on long-term debt and capital contributions.

Capital Assets

The District's investment in capital assets was \$3,188,474 in 2023, and \$3,230,688 in 2022, net of accumulated depreciation; and \$2,508,936 net of debt in 2023, and \$2,479,847 in 2022. Major capital assets include pumps, lines, meters and tanks.

Requests for Information

This financial information is designed to provide a general overview of the District's finances for all those with an interest in the finances. Questions concerning any of the information provided in this report or request for additional financial information should be directed to Peaks Mill Water District, 71.75 US 127 North, Frankfort, Kentucky 40601.

For purposes of cash flows, Peaks Mill Water District considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Disclosure of Accounting Policy:

Note A - Summary of Significant Accounting Policies

The Peaks Mill Water District was organized in November, 1968 to provide water service to residents of Peaks Mill. It is a political subdivision of Franklin County, Kentucky and purchases water from the Frankfort Plant Board for resale to the residents. The District is subject to the regulatory authority of Kentucky Public Service Commission ("PSC") pursuant to KRS 278.040.

Assets and Liabilities, and revenues and expenses are recognized on the accrual basis of accounting. The District incorporates current GASB pronouncements in its proprietary fund activities. The District does not utilize encumberance accounting in its proprietary fund activities. The accounting and financial reporting treatment applied to the District is determined by its measurement focus. The transactions of the District are accounted for on a flow of economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. With this measurement focus, all assets and all liabilities associated with the operations are included on the statement of net position. Net position (i.e., total assets net of total liabilities) is segregated into net investment in capital assets, restricted, and unrestricted components.

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contigent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

The District applies Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict Governmental Accounting Standards Board (GASB) pronouncements, in which case, GASB prevails.

Operating revenue and expenses consist of revenue and expenses directly related to providing water service to residents of Peaks Mill. Water revenues are reflected as earned when the customers are billed. Non-operating revenue and expenses consist of interest revenue and interest expenses related to capital and related financing activities. Capital contributions consist of new water meters purchased during the year.

Accounts Receivable are stated net of Allowance for Uncollectible Accounts. The Allowance for Uncollectible Accounts were \$7,670 at December 31, 2023, and \$8,966 at December 31, 2022. Net Accounts Receivable were \$60,659 at December 31, 2023, and \$58,772 at December 31, 2022.

Fixed Assets are recorded at cost and depreciated using the straight-line method at the following rates:

Pumps, lines, and meters 2.50% Tanks 3.00% Office Equipment 10.00% Meter testing equipment 10.00%

The District capitalizes interest cost incurred during construction of fixed assets.

investments are stated at cost, which approximates fair value, unless the market value is less than cost and there is evidence the decline in market value is due to other than temporary conditions.

Note B - Cash and Investments

Statutory Requirements

Kentucky Revised Statute 66.480 authorizes the District to invest in obligations of the U.S. treasury, in bonds or certificates of indebtedness of this state and of its agencies, savings and loan associations insured by an agency of the government of the United States up to the amount so insured, interest-bearing deposits in state or national banks chartered in Kentucky and insured by an agency of the United States up to the amount so insured, and in larger amounts providing such bank pledges as security obligations equal to uninsured amounts. Statutes require that financial institutions pledge approved securities to secure those funds on deposit in an amount equal to the amount of those funds. At the end of the calendar year, the carrying amount of the District's deposits and investments were \$513,472 for 2023 and \$738,560 for 2022.

Statement of Cash Flows

The Statement of Cash Flows includes as cash and cash equivalents the following:

	2023	2022
Operations & Maintenance Fund	\$ 11,484 \$	24,387
Revenue Fund	149,987	349,821

TOTAL	\$74,853	\$44,406

Most Accounts were paid in January or February, 2024 & 2023, and all checks cleared the bank.

Note D- Insurance and Related Activities

The District is exposed to various forms of loss of assets associated with risks of fire, personal liability, theft, vehicular accidents, errors and ommissions, fiduciary responsibility, etc. The District is also subject to risks associated with employee injury. Each of these risks are covered through premiums paid to the various insurance companies.

Note E - Purchased Water Contracts

Peaks Mill Water District purchases treated water from the Frankfort Plant Board and Kentucky American Water Company as the District does not produce it's own water.

Note F - Bonds and KIA Notes Payable

In September 1997 the District issued and sold \$627,000 of Waterworks Revenue Bonds for the purpose of extending water service to other customers. The bonds pay interest at 5% and mature ratably through the year 2035. The District's annual principal payments are due January 1st of each year. The District paid it's principle and interest requirement for January 1, 2023 at December 31, 2022.

The outstanding amount of the bonds were \$333,900 at December 31, 2023 and \$353,400 at December 31, 2022. The annual debt service requirements to retire the bonds and KIA notes outstanding at December 31, 2023 for each of the next five years and in remaining five year increments are as follows:

Year	Bond/Note	Bond/Note
Ending	Principle	Interest
2024	74,279	26,334
2025	77,202	23,666
2026	79,275	20,883
2027	83,399	18,029
2028	85,575	15,003
Thereafter	279,807	46,649
Total	\$ 679,537	\$ 150,564

December	31,	2023

December 31, 2022

Description	3	31-Dec-21	Addit	tions	Repayments			31-Dec-22
1997 Issue (91-03)	\$	248,000		-	\$	(13,000)	\$	235,000
1997 Issue (91-05)		124,600		-		(6,200)	\$	118,400
KIA Loan # C05-01		447,714				(50,274)	\$	397,440
Total	\$	820,314	\$	-	\$	(69,474)	\$	750,840

The information in **Note N** provides a breakdown for bond and long-term debt payments. The Fund C Loan from the Kentucky Infrastructure Authority was completely drawn, and repayment had began in 2009. The interest rate on Bonds Payable is variable according to the debt terms, while the KIA loan is fixed at 3%.

The District maintains a Debt Service Reserve which consists of restricted cash assets to be used for the purpose of servicing the bond and long-term debt payments.

Note G - Reserves

Debt Service Reserve - There is to be a monthly deposit of an amount equal to 1/12 of the next ensuing principal payment due and 1/6 of the next ensuing interest payment due for the remaining outstanding bonds. The Debt Service Reserve had a balance of \$250,565 at December 31, 2023, and a balance of \$234,938 at December 31, 2022.

Depreciation Reserve - This fund may be used to purchase new or replacement equipment and emergency repairs to the water line system. The Depreciation Reserve had a balance of \$101,037 at December 31, 2023, and a balance of \$129,015 at December 31, 2022.

These Reserves are included in the Restrictions of Net Assets for December 31, 2023, and December 31, 2022.

Note H - Concentrations of Credit Risk

The District had cash, and cash equivalents in excess of FDIC insurance at WesBanco as of December 31, 2023. The Institution possessed securities which were pledged against this excess.

The amount under category 1 of credit risk was \$250,000 with \$612,762 collateral pledged under Category 2 (not insured but pledged by the financial institution's trust department). All deposits were insured by the FDIC or covered by bank pledged collateral.

Note I - Related Party Transactions

The District utilized the services of C & L Consultants as an independent contractor in 2023, and 2022. Jeff Lee of C & L Consultants also advised the Board of Directors in 2023.

Note J - Subsequent Events

Management did not indicate financially impacting information regarding subsequent events. An evaluation of subsequent events through September 9, 2024 found no events that appeared to have a material effect regarding the accompanying financial statements of Peaks Mill Water District as of and for the year ended December 31, 2023.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Peaks Mill Water District Frankfort, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, and each major fund, of the Peaks Mill Water District, as of and for the years ended December 31, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Peaks Mill Water District's basic financial statements, and have issued our report thereon dated September 9, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Peaks Mill Water District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Peaks Mill Water District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Peaks Mill Water District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A rignificant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Peaks Mill Water District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standard: in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Note 1 - Budgeting and Budgetary Control

Kentucky Revised Statutes (K.R.S.) requires the Board to prepare and adopt a balanced budget annually. The Board must approve such operating budgets to allow sufficient time for the legal announcements and hearings required for the adoption. K.R.S. prohibits expenditures or liabilities in excess of the amounts budgeted.

Note 2 - Budgetary Basis of Accounting

The Board's budget is prepared on a basis consistent with generally accepted accounting principles.
