INDEPENDENT AUDITORS' REPORT

Board of Commissioners Simpson County Water District Franklin, Kentucky

Report on the Financial Statements

We have audited the accompanying financial statements of the Simpson County Water District (the "District"), a component unit of Simpson County, Kentucky, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Simpson County Water District as of December 31, 2016, and the changes in its financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Prior Period Financial Statements

The financial statements of the District as of December 31, 2015, were audited by other auditors whose report dated April 8, 2016, expressed an unmodified opinion on those statements.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements for the year ended December 31, 2016, that collectively comprise the District's basic financial statements. The schedule of budgetary comparison is presented for purposes of additional analysis and is not a required part of the basic financial statements. We do not express an opinion or provide any assurance on the schedule of budgetary comparison because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 7, 2017, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis

This section of Simpson County Water District's annual financial report presents an analysis of the District's financial performance during the fiscal years ended December 31, 2016 and 2015. This information is presented in conjunction with the audited basic financial statements, which follow this section.

Financial Highlights

The following are highlights of Simpson County Water District for the year ending December 31, 2016:

- In 2016, Total Net Position increased by \$842,119 or 6.7% to \$13,369,655 from \$12,527,536 in 2015 due to increases in cash and capital assets. In 2015, Total Net Position increased by \$762,687 or 6.5% to \$12,527,536 from \$11,764,849 in 2014 due to increases in short-term investments and capital assets.
- In 2016, Total Revenue increased by \$40,831 or 2.0% to \$2,097,648 compared to \$2,056,817 in 2015 due to increases in residential metered water sales. In 2015, Total Revenue decreased by \$10,517 or -0.5% to \$2,056,817 compared to \$2,067,334 in 2014 due to decreases in residential metered water sales.
- In 2016, Total Expenses increased by \$99,662 or 5.1% to \$2,054,074 compared to \$1,954,412 in 2015 due to increases in operating costs. In 2015, Total Expenses decreased by \$39,256 or -2.0% to \$1,954,412 compared to \$1,993,668 in 2014 due to decreases in operating costs and interest expense.
- In 2016, Income Before Capital Contributions decreased by \$58,831 or -57.4% to \$43,574 compared to \$102,405 in 2015 due to increases in operating costs. In 2015, Income Before Capital Contributions increased by \$28,739 or 39% to \$102,405 compared to \$73,666 in 2014 due to decreases in operating costs.
- In 2016, Total Capital Investment decreased by \$199,636 net of depreciation, or -1.6% to \$12,216,820 from \$12,416,456 in 2015 due to the net impact of fewer asset additions reduced by accumulated depreciation for the year. In 2015, Total Capital Investment decreased by \$84,545, net of depreciation, or -0.7% to \$12,416,456 from \$12,501,001 in 2014 due to the net impact of fewer asset additions reduced by accumulated depreciation for the year.
- Total water sold to customers during the year amounted to 322.6 million gallons. The peak demand month was August with 30.9 million gallons sold. The peak demand day in August totaled 1.6 million gallons sold.
- New meter applications in year 2016 and year 2015 totaled 28 and 22 respectively and the number of customers at the end of the year totaled 3,375 consisting of 3,017 residential customers and 358 commercial customers.
- The District's water system includes 397 miles of distribution main serving an average of 8.5 customers per mile.
- Average metered water revenue was \$32.22 per residential customer and \$204.45 per commercial customer.

Overview of the Financial Statements

This annual report includes the District's management discussion and analysis report (MD&A), the independent auditor's report, and the basic financial statements of Simpson County Water District. The basic financial statements also include notes that explain in more detail some of the information presented in the financial statements.

Financial Analysis

The following sections include a budgetary analysis for fiscal years ended December 31, 2016 and 2015 and analysis of net position, revenue and expense, and capital assets for the fiscal years ended December 31, 2016 and 2015. In some sections year 2014 results are provided for comparison purposes.

Budgetary Analysis for the Year Ended December 31, 2016

Total Revenue was higher than budgeted revenue by \$4,958, or 0.2%, due to higher than expected commercial water sales. Total metered water sales were higher than budgeted sales by \$4,099, or 0.2%, with residential sales below budget by \$18,912 and commercial sales greater than budget by \$23,011.

Total Expenses were lower than budgeted expenses by 36,806, or -1.8%. Operating Expenses related to providing water service and maintaining the District's water distribution system were less than budget by 228,956 or -1.8%. Operating expenses include: (1) wages and benefits that were under budget by 12,281: (2) purchased water that was under budget by 7,362; (3) materials and supplies that were under budget by 4,582; and (4) various other costs which were under budget by a net amount of 4,731.

Net income totaled \$43,574 for the year or \$41,764 more than budgeted and Capital contributions were less than budget by \$201,455.

Net Income After Contributions	\$	842,119	\$	1,001,810	(159,691)	-15.9%

Budgetary Analysis for the Year Ended December 31, 2015

Total Revenue was less than budgeted revenue by \$7,133, or -0.3%, due to anticipated metered water sales being slightly under budget. Total metered water sales were less than budgeted sales by \$5,620, or 0.3%, with residential sales below budget by \$4,520 and commercial sales below budget by \$1,100.

Total Expenses were lower than budgeted expenses by 44,458, or -2.2%. Operating Expenses related to providing water service and maintaining the District's water distribution system were less than budget by 39,550, or -2.6%. Operating expenses include: (1) wages and benefits that were under budget by 19,417; (2) purchased water that was under budget by 18,500; and (3) various other costs which were under budget by a net amount of 1,633.

Net income totaled \$102,405 for the year or \$37,325 more than budgeted and Capital contributions were higher than budget by \$31,382.

Statement of Net Position

A summary of the District's Statement of Net Position is presented in Table 3. The District's assets and deferred outflows exceeded liabilities by \$13,369,655 for the year ending December 31, 2016.

Total Assets amounted to \$16,104,379 and increased by \$932,783 or 6.1% from last year. Current and Other Assets which include funds for general operations, accounts receivable, interest receivable, and prepaid assets increased by \$131,615 or 11.4% due to increases in short-term investments and accounts receivable. Non-Current Assets which include funds for principal & interest payments, funds for future repairs & improvements, and customer deposits increased by \$26,230 or 2.9% due to increases in long term investments and other assets. Capital Assets include the District's investment in land, distribution mains, pump stations, service lines, storage tanks, and construction in progress. Capital assets totaled \$13,880,294 and increased by \$774,938 or 5.9%, due to relocation projects on Highway 31W and Highway 100E currently under construction.

Total Liabilities amounted to \$2,747,030 and increased by \$88,930 or 3.3% from last year. Current Liabilities which include accounts payable, interest payable, and long-term debt due within one year decreased by \$212,452 or 80.8%. The increase in current liabilities includes amounts payable to contractors for work performed on the Salmons Tank totaling \$174,700 and a payable to the Kentucky Transportation Cabinet totaling \$46,480. Non-Current Liabilities which includes developer rebates payable, customer deposits, unamortized premiums and discounts on refunded bonds, and long term debt obligations decreased by \$123,522 or -5.2%.

Total Net Position amounted to \$13,369,655 an increase of \$842,119 or 6.7% from last year. Net Position Invested in Capital Assets which includes the District's transmission & distribution facilities net of related debt increased by \$912,094 or 8.5%. Restricted for Depreciation Reserves which are funds set aside for future system repairs and improvements increased by \$29,640, or 5.1%. Unrestricted Net Assets decreased by \$99,615 or -8.4%.

Net Position, End of Year	<u>\$ 13,369,655</u>	<u>\$ 12,527,536</u>	<u>\$ 11,764,849</u>	<u>842,119</u>	6.7%	

Total Revenue increased by \$40,831, or 2.0% from last year. Residential and Commercial Water Sales combined increased by \$40,719 or 2.0% due to increases in water demand. The volume of water sold during the year totaled 322.6 million gallons versus 313.4 million gallons last year, a 2.9% increase of 9.2 million gallons. Forfeited Discounts which are late penalties decreased slightly and Interest Income decreased by \$2,464 or -14.7% due to lower yields on the District's investments. Miscellaneous Service Revenue which includes connection fees, collection fees, and meter tampering fees increased by \$2,837 or 7.3% due to an increase in collection fees on past due accounts.

Total Expenses increased by \$99,662, or 5.1% from last year. Operating Expenses increased by \$91,172, or 6.1% and consists of the following: (1) purchased water increase of \$73,058 due to increases in water sales and non-revenue water loss; (2) employee wages and benefits increase of \$12,146; and (3) all other expenses increased by a net total of \$5,968. Depreciation increased by \$11,065 or 2.9% due to assets placed into service during the year and Interest Expense decreased by \$2,502 or -2.8% due to reductions in outstanding debt.

Capital Contributions totaled \$798,545 and increased by \$138,263 compared to last year. Contributions received include the following: the Kentucky Department of Transportation for highway relocation projects totaling \$707,981; the Simpson County Fiscal Court for fire hydrant installations totaling \$22,500; and various District customers for meter installations and line extensions totaling \$68,064. *Net Position* at the end of the year totaled \$13,369,655, an increase of \$842,119, or 6.7% compared to the prior year.

Changes in Capital Assets

The largest portion of the District's assets is invested in the transmission & distribution facilities totaling \$12,216,820 on December 31, 2016. Changes by asset category are listed below in Table 5.

Table 5 SIMPSON COUNTY WATER DISTRICT Changes in Capital Assets (Net of Depreciation)

Other		13,249		15,014		6,372		(1,765)	-11.8%
TOTAL Capital Investment	\$	2,216,820	\$	12,416,456	\$	12,501,001	\$ (19	<u>99,636)</u>	-1.6%

The District's capital assets include the following: (1) 397 miles of distribution main, (2) 23 miles of service line, (3) 196 fire hydrants, size 4 $\frac{1}{2}$ inch and 5 $\frac{1}{4}$ inch, (4) 7 storage tanks with storage capacity from 150,000 gallons to 500,000 gallons and total system storage capacity of 2.2 million gallons, and (5) 7 pumping stations.

Total Capital Investment decreased by \$199,636, or -1.6%, and reflects the net effect of the following: (1) installation of transmission & distribution main, \$75,082; (2) meter installations, \$71,131; (3) service truck, \$24,287; (4) other asset additions, \$19,212; (5) less retirements, \$8,757: and (6) less depreciation for the year of \$380,591.

The above table does not include *Construction in Progress* totaling \$1,663,475 which includes the Highway 31W Relocation (Interstate 65 to Highway 1008) costs of \$657,000; Highway 100E Relocation, Phase 2 costs of \$778,000; and Salmons Tank Repaint costs of \$175,000.

Long-Term Debt

The District's debt obligations include United States Department of Agriculture (USDA) bonds and Kentucky Rural Water Finance Corporation (KRWFC) loans. As of December 31, 2016, the District had \$2,240,000 in outstanding debt compared to \$2,380,000 in the previous year, a reduction of \$140,000 in principal.

Factors Affecting Next Year's Budget

- In January 2017, a retail rate increase of 2.1% is budgeted. The rate increase is a pass through of a wholesale rate increase from the District's supplier, White House Utility District.
- A normal weather year was projected.
- Expenditures required for maintaining existing water distribution systems.
- The impact of regulatory changes forthcoming from the Kentucky Division of Water and the Environmental Protection Agency.

The District's board of commissioners adopted the budget for year 2017 at its meeting held in October 2016. Metered water sales are budgeted to increase by 2.69%. Total revenue is budgeted to increase by 2.64% from year 2016, and total expenses are budgeted to increase by 3.76%. Debt service payments are expected to total \$213,480 with a reduction in outstanding debt of \$131,000. Net income for year 2017 is budgeted to total \$28,510. Capital expenditures for the year are budgeted to total \$534,200 and contributions from customers and governmental agencies for capital projects is expected to total \$313,550

Request for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the General Manager, Simpson County Water District, P.O. Box 10180, Bowling Green, KY 42102-4780. General information regarding the District can be found on our website located at <u>www.simpsonwater.com</u>.

NOTES TO FINANCIAL STATEMENTS December 31, 2016 and 2015

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

The Simpson County Water District (the "District") is a tax-exempt division of Simpson County, Kentucky, organized under KRS 74.010. The District provides a public water system to primarily citizens located in Simpson County, Kentucky.

The accounting policies of the District conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies:

Reporting Entity

The District is governed by a three-member board (the "Board"). The criteria for determining the District as a component unit of Simpson County, Kentucky, the primary government, is financial accountability. As set forth in GASB No. 14, *The Financial Reporting Entity*, a primary government is financial accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and it is able to impose its will on that organization. The commissioners of the Board are appointed by the Simpson County Judge Executive, subject to the approval of the Simpson County Fiscal Court. Simpson County is able to impose its will on the District through the ability to remove appointed members of the Board at will.

Basis of Presentation

The District's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

The District's basic financial statements include only proprietary fund financial statements because the District engages only in a single business-type activity.

The focus of proprietary fund measurement is upon determination of net position, a statement of revenues, expenses, and changes in net position, and a statement of cash flows. The generally accepted accounting principles applicable are similar to those businesses in the private sector. Amounts recorded as operating revenues are those revenues generated from general water service operations and all other revenues are recorded as non-operating revenues or capital contributions. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

NOTES TO FINANCIAL STATEMENTS December 31, 2016 and 2015

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net position is classified into three components: net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets This component of net position consists of the District's net investment in capital assets, including restricted capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also should be included in this component of net position. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.
- *Restricted* This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted This component of net position consists of the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment of capital assets or the restricted component of net position.

Basis of Accounting

Basis of accounting refers to the point at which revenues or expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

NOTES TO FINANCIAL STATEMENTS December 31, 2016 and 2015

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

• Accrual - The proprietary fund financial statements are presented on the accrual basis of accounting. The District follows the practice of recording metered sales when billed to the customers and recording related expenses when billed to the water district. This results in a lag of recording revenue and related expenses. However, it does provide approximate matching of revenue and expenses and does not have a material effect between years.

Operating revenues are revenues generated from general water operations (water sales, forfeited discounts and miscellaneous service revenue) and all other non-water revenues are considered non-operating revenues.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The District has defined cash and cash equivalents to include all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

Accounts Receivable

Customer accounts receivable amounts arise from monthly water usage. Based on District policy, water meters are read monthly, with billings occurring approximately ten days subsequent to the reading. Once billed, the customer has 16 days to pay the amount due. If payment is not made by the due date, a two to four day grace period is granted. If payment is not made at the expiration of the grace period, a late penalty is assessed to water charges and delinquent notices are sent. Customers are given 14 days from the date of the delinquent notice to render payment. Customer service places calls to facilitate collection; if no payment is received, collection trips are made to the service location. If collection does not occur, the meter is shut off. If collection is considered unlikely, the balances are charged off as a bad debt expense in the period in which they were deemed uncollectible.

NOTES TO FINANCIAL STATEMENTS December 31, 2016 and 2015

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Management's periodic evaluation of the adequacy of the allowance for doubtful accounts is based on past loss experience, known and other risks inherent to the specific amount, adverse situations that may affect the customer's ability to render payment and current economic conditions. Management considers many factors in determining whether a receivable is impaired, such as payment history and changes in employment.

Concentration of Credit Risk

The District extends credit to all citizens who live within the geographic location of the District and who utilize the utility system. Credit losses may be minimal and are generally within management's expectations.

Investments

Investments consist of certificates of deposit and are recorded at cost. The cost of investments approximates their fair value. KRS 66.480 permits the District to invest in U.S. Treasury obligations, certain federal instruments, repurchase agreements, commercial bank certificates of deposit and the Commonwealth of Kentucky investment pool.

Capital Assets

The District has an ongoing activity of assessing the feasibility of installing additional lines to new service areas. Once an extension is considered feasible, there are additional engineering studies, applications to various funding agencies and project administrative costs. The District defers the ongoing activity and capitalizes these costs as part of the utility plant upon completion of the project.

Management's capitalization policy is based upon the assets' estimated future benefit. Depreciation is computed using the straight-line method over the estimated useful lives of the utility plant. The estimated useful lives range from 5 to 50 years for utility plant assets. Upon retirement, the cost of the asset, less any proceeds, is charged to accumulated depreciation.

NOTES TO FINANCIAL STATEMENTS December 31, 2016 and 2015

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The District capitalizes construction period interest on loans that were obtained to finance construction.

Non-Exchange Transactions

The recognition of assets and revenues resulting in non-exchange transactions of the District are as follows:

• Voluntary Non-Exchange Transactions - The District receives various grants from federal and state agencies. Eligibility requirements have been met at the time the funds are received; therefore, the asset/revenue is recognized when it is received.

Capital Contributions

Contributions are recognized in the statements of revenues, expenses and changes in net position when earned. Contributions may include connect fees, developer contributed utility systems, capital grants and other supplemental support by other utilities and industrial customers and federal, state and local grants in support of system improvements.

Subsequent Events

The District has evaluated any recognized or unrecognized subsequent events for consideration in the accompanying financial statements through April 7, 2017, which was the date the financial statements were made available.

NOTES TO FINANCIAL STATEMENTS December 31, 2016 and 2015

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

At December 31, 2016 and 2015, the District's deposits consisted of the following:

		2016		2015
Cash and cash equivalents	\$	623,010	\$	482,168
Restricted cash and cash equivalents		450,480		429,010
Short-term investments		408,404		404,898
Restricted investments	×X	477,346	—	477,001
	<u>\$ 1</u> ,	959,240	<u>\$</u>	1,793,077

The District maintains its deposits with financial institutions insured by the Federal Deposit Insurance Corporation (FDIC). As of December 31, 2016 and 2015, the carrying amounts of the District's deposits were \$1,959,240 and \$1,793,077, respectively, and the bank balances were \$1,963,133 and \$1,841,536, respectively. Of the bank balances, \$1,963,133 and \$1,841,536 at December 31, 2016 and 2015, respectively, were covered by FDIC insurance or by collateral held by an institution for the pledging Bank, in the District's name.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's formal deposit policy for custodial credit risk requires deposits in banks which are in excess of the FDIC insurance coverage to be secured by the bank pledging securities in direct obligations of the United States of America or by approved security bonds. As of December 31, 2016 and 2015, the District's bank balances were not exposed to custodial credit risk.

Credit Risk

Under Kentucky Revised Statutes Section 66.480, the District is authorized to invest in obligations of the United States and its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States or of its agencies, obligations of any corporation of the United States government, certificates of deposit, commercial paper rated in one of the three highest categories by nationally recognized rating agencies and securities in mutual funds shall be eligible investments pursuant to this section. However, the District's bond agreement further limits its investment choices.

NOTES TO FINANCIAL STATEMENTS December 31, 2016 and 2015

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS (Continued)

Concentration of Credit Risk

The District places no limit on the amount the District may invest in any one issuer. At December 31, 2016 and 2015, there are no investments in any one issuer that represents 5% or more of the total investments.

Interest Rate Risk

The District's investment policy limits investment maturities of less than three years as a means of managing its exposure to fair value losses arising from increasing interest rates.

Restricted Cash and Cash Equivalents and Investments

The sinking funds are restricted to the payment of principal and interest on longterm debt. The depreciation fund is restricted to payment for improvements and approved repairs. The customer deposits fund is restricted to hold customer deposits until service is terminated.

Restricted cash and cash equivalents and investments consist of the following at December 31, 2016 and 2015:

	2016	2015
Sinking funds	\$ 179,090	\$ 188,620
Depreciation funds	615,030	585,390
Customer deposits fund	133,706	132,001
	<u>\$ 927,826</u>	<u>\$ 906,011</u>

NOTES TO FINANCIAL STATEMENTS December 31, 2016 and 2015

NOTE 3. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2016 is as follows:

	Beginning of Year	Increases	Decreases	End of Year
Capital assets not being depreciated Land and land rights Construction in progress	\$	\$	\$ (<u>783,790</u>)	\$

Total capital assets, net	<u>\$12,600,486</u>	<u>\$ 1,094,148</u>	<u>\$ 589,278</u>	<u>\$ 13,105,356</u>

NOTES TO FINANCIAL STATEMENTS December 31, 2016 and 2015

NOTE 4. REBATES PAYABLE

These amounts are partially made up of private developers' unrecovered costs in installing water lines. Utility plant was increased for a like amount when the facilities were donated to the District. As meters are placed in the development, the developer receives half of the new customers' contribution for meters connected directly to the extension over the next ten years or up to the value of facilities constructed. The remaining balance in this account was obtained from subscriptions of prospective users of the District. When a meter is installed, the subscribed amount is transferred to contributions in aid of construction.

NOTE 5. LONG-TERM DEBT

The following bonds and loans were issued through USDA Rural Development (RD) and Kentucky Rural Water Finance Corporation (KRWFC):

Original	Funding			Balance as of	December 31,
Amount	Agency	Series of	Interest Rate	2016	2015
\$ 1,060,000	RD	1995	4.88%	\$ 745,000	\$ 770,000
1,575,000	KRWFC	2012	2.20%-3.95%	1,340,000	1,400,000
330,000	KRWFC	2013	2.30%	155,000	210,000
				<u>\$ 2,240,000</u>	<u>\$ 2,380,000</u>

These bonds are secured by an exclusive pledge of a fixed portion of the income and revenues derived from the operation of the District's water distribution system and each has principal and interest sinking fund requirements along with depreciation reserves.

Unamortized net premiums and discounts on the KRWFC debt issuances totaled \$13,871 and \$14,981 as of and for the years ended December 31, 2016 and 2015, respectively. Related amortization expenses for the years ended December 31, 2016 and 2015 totaled \$1,110 and \$986, respectively.

Deferred outflows resulting from losses on the KRWFC debt refunding totaled \$12,306 and \$14,040 as of and for the years ended December 31, 2016 and 2015, respectively.

NOTES TO FINANCIAL STATEMENTS December 31, 2016 and 2015

NOTE 5. LONG-TERM DEBT (Continued)

Long-term debt activity is as follows as of and for year ended December 31, 2016:

	Beginning Balance	<u>Increases</u>	Decreases	Ending Balance	Amounts Due Within One Year
Rural Development Bond, 1995	\$ 770,000	\$	(\$ 25,000)	\$ 745,000	\$ 26,000
Kentucky Rural Water Finance Corp., 2012	1,400,000		(60,000)	1,340,000	60,000
Kentucky Rural Water Finance Corp., 2013	210,000		(<u> 55,000</u>)	155,000	45,000
	<u>\$ 2,380,000</u>	<u>s </u>	(<u>\$ 140,000</u>)	<u>\$ 2,240,000</u>	<u>\$ 131,000</u>

Long-term debt activity is as follows as of and for year ended December 31, 2015:

	Beginning Balance	Increases	<u>Decreases</u>	Ending Balance	Amounts Due Within <u>One Year</u>
Rural Development Bond, 1995	\$ 793,000	\$ -	(\$ 23,000)	\$ 770,000	\$ 25,000
Kentucky Rural Water Finance Corp., 2012	1,460,000	-	(60,000)	1,400,000	60,000
Kentucky Rural Water Finance Corp., 2013	270,000		(<u>60,000</u>)	210,000	55,000
	<u>\$ 2,523,000</u>	<u>s </u>	(<u>\$ 143,000</u>)	<u>\$_2,380,000</u>	<u>\$ 140,000</u>

Principal and interest of various amounts are due at least annually in each of the years through 2034. The principal and interest due for each of the next five years and thereafter is as follows:

<u>Year Ended December 31</u>	Principal Amount	Interest Amount
2017	\$ 131,000	\$ 84,083
2018	132,000	80,114

2032-2034	377,000	21,134
	<u>\$ 2,240,000</u>	<u>\$ 832,277</u>

NOTES TO FINANCIAL STATEMENTS December 31, 2016 and 2015

NOTE 6. RELATED PARTIES

The Warren County Water District (WCWD) provides management, engineering and repair and maintenance services to the District. The following related party amounts were included in accounts payable at December 31, 2016 and 2015:

.

	2016	2015	
Warren County Water District Butler County Water System	\$ 49,307 _	\$ 59,636 32	

During 2016 and 2015, expenses from the WCWD amounted to \$654,677 and \$580,061, respectively, for the following:

	2016	2015
Wages and benefits:		
Operation	\$ 240,679	\$ 230,765
Administrative:		
Supervision and administration	73,804	71,387
Accounting	31,447	30,098
Customer service	49,847	39,066
Engineering	16,122	11,625
Operations - other	96,138	88,618
Additions to plant	42,397	19,704
Special projects	104,243	88,798
	<u>\$ 654,677</u>	<u>\$_580,061</u>

In the ordinary course of business, the District has and expects to continue to have transactions with WCWD. In the opinion of management, such transactions were on substantially the same terms as those prevailing at the time of comparable transactions with other persons and did not involve more than a normal risk of collectability or present any other unfavorable features to the District.

NOTE 7. RISKS OF LOSS

The District's risks of loss are addressed by the purchase of commercial insurance. These areas include employee dishonesty bonds, property coverage, vehicle coverage and a public entity liability policy which includes errors and omission. Coverage is reviewed for adequacy by management and agents on an annual basis.

NOTES TO FINANCIAL STATEMENTS December 31, 2016 and 2015

NOTE 8. COMMITMENTS

On March 6, 1992, the District signed a water purchase agreement with the White House Utility District of Robertson and Sumner Counties, Tennessee ("WHUD"). The agreement provides WHUD will be the primary provider of water to the District. The contract shall extend for a term of 40 years with an option to renew or extend the contract for an additional 20 years.

Construction in progress commitments as of December 31, 2016, consists of the following:

- Highway 31W Relocation (I-65 to VFW Road) In 2015, the District signed an agreement totaling approximately \$851,000 for a water line relocation project. As of December 31, 2016, the District had incurred approximately \$657,000 of these costs.
- Highway 100E Relocation, Phase 2 In 2016, the District signed an agreement totaling approximately \$1,634,000 for a water line relocation project. As of December 31, 2016, the District had incurred approximately \$778,000 of these costs.
- Salmons Tank Repaint In 2016, the District signed an agreement totaling approximately \$182,000 for repainting an existing water storage tank. As of December 31, 2016, the District had incurred approximately \$175,000 of these costs.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners Simpson County Water District Franklin, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise Simpson County Water District's (the "District") basic financial statements, and have issued our report thereon dated April 7, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
