INDEPENDENT AUDITORS' REPORT

The Board of Directors
Buffalo Trail Water Association, Inc.
Mayslick, Kentucky

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Buffalo Trail Water Association, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2022 and 2021, and the related statements of activities, functional expenses, changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Buffalo Trail Water Association, Inc. as of December 31, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Buffalo Trail Water Association, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Buffalo Trail Water Association, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Buffalo Trail Water Association, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Buffalo Trail Water Association, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 17, 2023, on our consideration of Buffalo Trail Water Association, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Buffalo Trail Water Association, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Buffalo Trail Water Association, Inc.'s internal control over financial reporting and compliance.

BUFFALO TRAIL WATER ASSOCIATION, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. ORGANIZATION AND ACCOUNTING POLICIES

Buffalo Trail Water Association, Inc. (the Association) distributes and sells water to approximately 1,800 members. The Association primarily serves Bracken, Harrison, Mason, Nicholas, Pendleton, and Robertson Counties. Its suppliers of water are Maysville Utilities and the Western Fleming Water District.

Reporting Entity

Buffalo Trail Water Association, Inc. was created and organized as a non-profit association and is exempt from income tax under Section 501(c)12 of the Internal Revenue Code.

The Association files an income tax return in the U.S. federal jurisdiction and the state of Kentucky. The Association generally is no longer subject to income tax examinations by tax authorities for years before 2019. The Association believes there are no tax positions that meet the more likely than not threshold for disclosure in these financial statements.

Basis of Accounting

The Association maintains its accounting records on the cash basis during the year. Adjustments are made to convert to the accrual basis from memorandum records at year end.

The Association records revenue as billed to its customers based upon monthly meter reading cycles. At the end of each year, water service which has been rendered from the latest date of each meter reading to December 31, is unbilled.

The statements of activities report all revenues and expenses as operating, except interest income, interest expense and customer contributions.

Basis of Presentation

The Association is required to report information regarding its financial position and activities according to the two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Association defines cash and cash equivalents to include cash on hand, cash in banks, and certificates of deposit with original maturities of 90 days or less.

Accounts Receivable

The reserve for accounts receivable represents accounts past due in excess of thirty days that are thought to be uncollectible. The reserve for accounts receivable at December 31, 2022 and 2021 totaled \$30,618 and \$30,068, respectively.

Inventory

The Association's inventory is maintained at lower of cost (first-in, first-out method) or market.

BUFFALO TRAIL WATER ASSOCIATION, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. ORGANIZATION AND ACCOUNTING POLICIES (CONTINUED)

Property and Equipment

Fixed assets are stated at cost. Contributed assets are recorded at fair value at the time of donation. Interest costs incurred during construction are capitalized as a cost of the project. Depreciation has been provided using the straight-line method with the economic lives determined using the following guidelines:

Asset Class	Life
Vehicles and equipment	5-10
Meters and pipes	25
Buildings	40
Water and sewer systems	50

Restricted Funds

The Board of Directors makes a determination whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Change in Accounting Policy

In 2022, the Association adopted Accounting Standards Update (ASU) No. 2016-02, *Leases*, which requires lessees to recognize leases on the balance sheet and disclose key information about leasing arrangements. The Association elected not to reassess at adoption (i) expired or existing contracts to determine whether they are or contain a lease, (ii) the lease classification of any existing leases, or (iii) initial direct costs for existing leases. After implementing ASU No. 2016-02, the Association did not recognize any right-of-use assets or lease liabilities due to the nature of their current lease agreements. The adoption did not result in a significant effect on net assets as of December 31, 2022 and 2021.

Management's Review of Subsequent Events

The Association has evaluated and considered the need to recognize or disclose subsequent events through March 17, 2023; which represents the date that these financial statements were available for issuance. Subsequent events past this date, as they pertain to the year ended December 31, 2022, have not been evaluated by the Association.

2. REVENUE RECOGNITION

The Association's sales are delivered daily as customers use water at which time ownership, risks, and rewards transfer. Revenue is recognized at the end of the month when the customer's usage is measured and billed. Control of water transfers to the customer as they consume it. In 2022 and 2021, the Association recognized revenue from sales to customers totaling \$878,733 and \$752,191, respectively.

Water tap-on fees for new services and various contributions are recognized as revenue in the periods received and then reflected as contributed capital in the statement of changes in net assets.

BUFFALO TRAIL WATER ASSOCIATION, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

2. REVENUE RECOGNITION (CONTINUED)

Contract Balances

The timing of revenue recognition, billings and cash collections results in billed accounts receivable on the statements of financial position. Amounts are billed at the end of every month based on customer usage. Total usage determines the rate at which a customer is billed per unit. Payment is due within 10 days, but penalties are not imposed until 10 additional days past the due date. The association receives bill payments, on average, every 35 days.

The beginning and ending contract balances were as follows as of December 31:

	2022	2021	2020
Accounts receivable, net	<u>\$ 122,349</u>	<u>\$ 76,688</u>	<u>\$ 65,353</u>

Customers have the right to claim adjustments for leaks, once per year, or to correct errors from meter reading. The Association recognized revenue sales in the amount it expected to be entitled, that is, net of estimated adjustments. Based on past experience, the Association does not anticipate a significant amount of adjustments and therefore has not accrued an adjustment liability.

3. CASH AND INVESTMENTS

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Association will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. In order to anticipate market changes and provide a level of security for all funds, the collateralization level should be one hundred percent of the market value of the principal, plus accrued interest. Investments consist of certificates of deposit and are stated at cost.

The bank balance of the Association's deposits and investments at December 31, 2022 and 2021, totaled \$1,626,133 and \$2,042,170, respectively. The balance of deposits in excess of federal depository insurance (FDIC) at December 31, 2022 is as follows:

FDIC insurance	\$ 1,277,234
Uninsured and uncollateralized	<u>348,899</u>
Total	<u>\$ 1,626,133</u>

4. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The Association has not adopted a formal liquidity management plan. The Association continually reviews its financial assets and assesses if these financial assets are sufficient to meet cash needs for general expenditures. The Association's financial assets for this purpose include cash and cash equivalents, certificates of deposit and accounts receivable. As of December 31, 2022, the Association's financial assets available to meet cash needs for general expenditures within one year are as follows:

Financial assets, at December 31, 2022	\$ 1,737,029
Less those unavailable for general expenditures within one year, due to:	
Board designations:	
Debt service reserves	(100,000)
Investments with a maturity date greater than one year:	
Certificates of deposit, non-current	<u>(445,616)</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 1,191,413</u>

BUFFALO TRAIL WATER ASSOCIATION, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

4. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS (CONTINUED)

As of December 31, 2021, the Association's financial assets available to meet cash needs for general expenditures within one year are as follows:

Financial assets, at December 31, 2021	\$ 1,966,494
Less those unavailable for general expenditures within one year, due to:	
Board designations:	
Debt service reserves	(100,000)
Investments with a maturity date greater than one year:	
Certificates of deposit, non-current	<u>(444,829)</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 1,421,665</u>

5. FIXED ASSETS

	December 31, 2020	Additions	Retirements	December 31, 2021	Due Within One Year
Long-term debt	<u>\$ 943,168</u>	<u>\$ -</u>	<u>\$ (26,861)</u>	<u>\$ 916,307</u>	<u>\$ 26,930</u>

BUFFALO TRAIL WATER ASSOCIATION, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

7. COMPLIANCE WITH LOAN AGREEMENT

The loan agreements between Rural Development (U.S. Department of Agriculture) and the Association require a reserve balance to be maintained to fund unanticipated emergency maintenance, pay for repairs, and assist with debt service should the need arise. The Association's reserve balance consists of a certificate of deposit totaling \$100,000 at both December 31, 2022 and 2021. The reserve requirement at December 31, 2022 and 2021 was \$42,800 and \$41,000, respectively.

8. COST ALLOCATION

Certain categories of expenses are attributable to more than one program or supporting function and are allocated on a reasonable basis that is consistently applied. The expenses that are allocated are salaries, payroll taxes and benefits, which are allocated on the basis of estimates of time and effort.

9. RISK MANAGEMENT

The Association is exposed to various risks of loss related torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In addition to its general liability insurance, the Association also carries commercial insurance for all other risks of loss such as worker's compensation and employee health and accident coverage. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

10. DEFICIT UNAPPROPRIATED NET ASSETS

The Association carried a deficit in unappropriated net assets at December 31, 2022 and 2021 of \$449,311 and \$423,930, respectively. The deficit is primarily a result of user charges insufficient to provide for depreciation on contributed assets. Accumulated depreciation on contributed assets totaled \$4,267,288 and \$4,081,715 at December 31, 2022 and 2021, respectively.

11. COVID-19 PANDEMIC

Since 2020, various restrictions were placed on utilities in the state of Kentucky in response to the COVID-19 pandemic. These restrictions included the cessation of utility shutoffs and the charging of penalties due to nonpayment of bills. As a result of these orders and the impact of COVID-19 on the Association's customers, there has been an increase in delinquent billings as of December 31, 2022. The Association is working to establish payment plans with customers who have delinquent bills in an attempt to ensure continuous service and the collection of past due balances.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Board of Directors
Buffalo Trail Water Association, Inc.
Mayslick, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Buffalo Trail Water Association, Inc., as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise Buffalo Trail Water Association, Inc.'s basic financial statements and have issued our report thereon dated March 17, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Buffalo Trail Water Association, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Buffalo Trail Water Association, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Buffalo Trail Water Association, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and responses as item (2022-001) that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Buffalo Trail Water Association, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Buffalo Trail Water Association, Inc.'s Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on Buffalo Trail Water Association, Inc.'s response to the findings identified in our audit and described in the accompanying schedule of findings and responses. Buffalo Trail Water Association, Inc.'s response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BUFFALO TRAIL WATER ASSOCIATION, INC.
SCHEDULE OF FINDINGS AND RESPONSES
December 31, 2022

2022-001 The Association should have internal controls in place that enable it to prepare complete financial statements. (Repeat)

Criteria: The Association is required to have internal controls in place that enable it to prepare complete financial statements, including note disclosures, in compliance with generally accepted accounting principles.

Cause: The Association lacks personnel with the expertise to apply generally accepted accounting principles in preparing its financial statements including note disclosures and thus, does not have the internal control procedures required to draft the financial statements in conformity with generally accepted accounting principles.

Effect: Management engaged the auditor to prepare draft financial statements, including the related notes to the financial statements. Management reviewed, approved, and accepted responsibility for the financial statements prior to their issuance.

Recommendation: The Association should strive to strengthen the financial reporting system and more closely adhere to generally accepted accounting practices. Transactions should be recorded in the appropriate funds and closing entries should be posted to all funds prior to initiation of the audit. Furthermore, the Association should consider employing a consultant to assist with the year-end transactions.

Response: This is an ongoing finding. Management has determined that it is more cost effective to continue to engage the auditor to draft the financial statements and related notes.
