INDEX OF EVENTS:

01/02/19	POST CASE: Black Mountain Utility District 2016 Surcharge and Related Bank Statements
01/19/16	POST CASE: Black Mountain Utility District Monthly Water Rates Report
11/09/15	Order Entered: The retail and wholesale water service rates proposed in Black Mountain's Application are denied. 2. The retail and wholesale water service rates and debt service surcharge shown in Appendix A are approved for services rendered on and after the date of this Order. 3. The proceeds from the debt service surcharge shall be used for no purpose other than the repayment of the RD bonds and KIA loans that were outstanding at the time Black Mountain merged with Green Hills. To ensure compliance with KRS 74.363(4), Black Mountain shall establish an escrow account with a financial institution into which it shall deposit the surcharge collections and out of which it shall separately account for repayment of these long-term debts. The amount of the surcharge may be reduced from time to time, with the Commission's approval, as each of the nine debt obligations is fully retired. The surcharge shall remain in effect until all debts are fully repaid. 4. If at any time the cash balance of the surcharge account is not sufficient to pay a principal or interest payment, the additional cash deposit that is necessary into the surcharge account to make payment shall come from the revenues received through the assessment of the Water Division 1 volumetric water service rates.

The customer notice shall be in the format set forth in the Appendix to this Order. 2. Black Mountain shall provide proof of publication of the notice to the Commission no later than 30 days from the date of this Order. 3. If the Commission does not receive any written requests for intervention or a hearing in this matter within 30 days of publication of new rates, this case shall stand submitted to the Commission for decision based upon the existing record.

If a party requests a hearing or informal conference, then the party shall make the request in its written comments and state the reason why a hearing or informal conference is necessary. 3. If Commission Staff finds that Black Mountain's financial condition supports a higher rate than Black Mountain proposes or the assessment of an additional rate or charge not proposed in Black Mountain's application, Black Mountain in its response to Commission Staff's report shall also state in writing its position on whether the Commission should authorize the assessment of the higher rate or the recommended additional rate or charge. 4.
