10/18/21	POST CASE: Gregory Dutton Flat Run Solar LLC Redacted Leases
10/07/21	Order Entered nunc pro tunc, that: 1. Ordering paragraph 2 is stricken and is replaced with the following language: 2. Flat Run Solar's motion for deviation from the 2,000- feet setback requirement is granted in part, such that the following setbacks shall apply to each of the three neighborhoods to the project: (1) 700 feet for Neighborhood A, (2) 840 feet for Neighborhood B, and (3) 1,060 feet from Neighborhood C. In addition, the following setbacks shall also apply: (1) Central Inverters shall be no closer to a noise receptor than 450 feet, (2) String Inverters shall be no closer to a noise receptor than 150 feet, and (3) Solar Panels shall be no closer to a noise receptor than 150 feet. These setbacks shall not be required for residences owned by landowners involved in the project that explicitly agree to lesser setbacks, and have done so in writing. All agreements by participating landowners to lesser setbacks must be filed with the Siting Board prior to commencement of construction of the Project. 2. All other provisions of the Commission's September 29, 2021 Order that are not in conflict with the terms of this Order shall remain in effect.
10/06/21	Order Entered: 1. Flat Run Solar's May 27, 2021 petition for confidential treatment is granted in part and denied in part. 2. Flat Run Solar's May 27, 2021 petition for confidential treatment for copies of leases submitted in its responses to Items 4(c) and 14(b) of Siting Board Staff's First Request is granted solely for the material terms of the lease as defined within this Order and for personal contact information of the parties contained in the leases. 3. Flat Run Solar's May 27, 2021 petition for confidential treatment for all non- material terms of the lease agreements contained in its responses to Siting Board Staff's First Request is denied. 4. The designated material granted confidential treatment by this Order shall not be placed in the public record or made available for public inspection for an indefinite period or until further Order of this Commission.
09/29/21	Final Order Entered: 1. Flat Run Solar's application for a Certificate to Construct an approximately 55 MWac merchant solar electric generating facility in Taylor County, Kentucky, is conditionally granted subject to full compliance with the mitigation measures and condition prescribed in Appendix A. 2. Flat Run Solar's motion for deviation from the 2,000-feet setback requirement is granted in part, such that the following setbacks shall apply to each of the three neighborhoods to the project: (1) 700 feet for Neighborhood A, (2) 840 feet for Neighborhood B, and (3) 1,060 feet from Neighborhood C. In addition, the following setbacks shall also apply: (1) Central Inverters shall be no closer to a noise receptor than or450 feet, (2) String Inverters shall be no closer to a noise receptor than 150 feet, and (3) Solar Panels shall be no closer to a noise receptor than 150 feet, except for the location of the inverters. These setbacks shall not be required for residences owned by landowners involved in the

	project that explicitly agree to lesser setbacks, and have done so in writing. All agreements by participating landowners to lesser setbacks must be filed with the Siting Board prior to commencement of construction of the Project. 3. Flat Run Solar shall fully comply with the mitigation measures and conditions prescribed in Appendix A.
